2018 MEMBERSHIP DIRECTORY & SOURCE BOOK

Open Spaces, Natural Beauty...
Opportunity Abounds in Clay!

COMMIT. CONNECT. CREATE.

GET TO KNOW YOUR NEW HOMETOWN WITH ONE OF THE LONG-TIME RESIDENTS.

Northeast Florida is a great place to live. We should know—we opened our very first branch in Jacksonville in 1952. There's a lot to like about living here; world-class neighborhoods, award-winning schools, and convenient shopping. Oh, and VyStar, one of the nation's largest credit unions with more than 570,000 members. We offer lower cost loans with local loan decision making and servicing, over 200 ATMs, 45 full-service branches, mobile check deposit, and an exceptional no closing costs mortgage* program. As you explore all that the area has to offer, we hope you'll also take a look at VyStar to handle your financial needs.

“Commit. Connect. Create.” is our tagline and it emphasizes the Clay County Chamber of Commerce commitment to entrepreneurs at every stage of their evolving business to connect to education, resources and relationships vital to creating a sustainable business.

The Chamber is the backbone of Small Business. Our role is to facilitate our member businesses doing business with one another through programs like “Buy Local.” Chamber members consistently provide one another referrals and help drive consumer traffic to one another. Clay County is where business happens!

As the third largest chamber in Northeast Florida, we are uniquely positioned to team up

with all the business resources in the Jacksonville MSA, including JWBC, the JAX Chamber Foundation and the SBA’s Small Business Development Center.

As a member of the Florida Chamber, we have access to an elite group of thought-leaders from across the state who are forward-thinking individuals deeply vested in Florida’s success and who contribute their time, skill and expertise towards securing Florida’s future.

We leverage our participation in professional associations to pull from 3,000 chambers nationwide and bring the tools you need to grow and prosper here to the Clay County Chamber of Commerce.

One of the things Clay Chamber will focus

The hiring of a lawyer is an important decision that should not be based solely upon advertisements. Before you decide, please visit www.davidkingattorney.com for more information about our qualifications and experience.

on in 2018 is Disaster Preparedness. Hurricane Matthew in 2016 and Hurricane Irma in 2017 took their toll on many Clay County businesses. It’s not just the named storms we need to protect our businesses from, but all threats to business operations including wildfires and social unrest. Disasters will continue to happen, but our goal is that Clay County is No. 1 in Business Continuance!

There are over 800 non-profit organizations in Clay County, with nearly \$1-billion in assets. We are working to launch new programs geared to this segment.

The median age of Clay County residents is 38, which is significantly younger than the rest of Florida. Nearly 10 percent of our neighbors are 21-35. Watch for programs designed to engage this group of up and comers.

Whether you are a renewing member or new to Clay County, there are many exciting things in the works for 2018 that will bring tangible benefits to our members. Our new, centralized Fleming Island office is convenient for members to attend workshops and training, utilize flex space, and enjoy after hours programs right at the Chamber. Now is the time for full engagement with your Chamber, you can only benefit from your participation.

Letter from...

The Clay County Chamber of Commerce Chairman

Thank you for your interest in the 2018 Clay County Chamber Membership and Source Directory. I hope you find this directory as a great source of information and introduction to our Chamber business members as well as our wonderful county. Clay County is distinctly noted as a “bedroom community,” with strong values, a caring approach, and a welcome feeling as natural byproducts of this type of community. These qualities are exactly why so many of us are drawn to Clay County as well as what you will discover when working with our Chamber business members. I encourage you to use this directory as your primary source whenever you are in need of a business service or product. Additionally, the directory offers an excellent overview of the various Clay County hubs and its business sectors. With its diverse mixture of suburban and rural areas, Clay County has something to offer for everyone. This vibrant and robust mixture supports a quality of life and sense of community that we all treasure.

Our Clay County Chamber of Commerce motto is “commit, connect, create.” Our dedicated Board of Directors, Ambassadors, Councils, and Staff are committed to provide programs, services, and events in support of our Chamber members and our community. Our Chamber collectively works to build relationships along with providing a diverse collection of membership benefits. The Chamber is fully

committed to the continuous effort of evaluating our programs, to make certain we are out in front of our membership needs as well as ensuring true value for our stakeholders.

Connection, our second motto trait, is a vital aspect of aligning with our membership needs. The Chamber’s calendar is full of opportunity to get involved, meet new acquaintances, learn about various business aspects, and to make a positive difference within our community. The diverse menu of Chamber events and programs provides the opportunity to connect at any level based on the available time and interests of each individual or business. Additionally, we offer a wide array of communication channels so you are fully connected with the Chamber. I strongly encourage you to sign up for an option(s) most convenient to meet your needs.

Recognizing the anticipated 50 percent growth in our county and the associated dynamics of a changing business climate, our Chamber understands the importance of creating forums and approaches to address these future challenges. What membership means today will significantly change in the future. The Chamber stands ready to create ideas and opportunities to meet this accelerating pace of change. No better example is the creation of our councils over the past few years. Each council is formed around a sector or community to engage members within a specific

Bob Olson

Chairman

Clay County Chamber of Commerce

area of interest focused on making a positive impact for our Chamber and our community.

These are exciting times, rich with opportunity, for our county and the Chamber. The Board of Directors and I are honored and look forward to continue serving our business community and fostering a positive business climate.

About the Clay County Chamber of Commerce

The Clay County Chamber of Commerce is a member-driven business organization that strengthens, promotes, and enhances a positive environment for business growth while building important relationships within the community. It is organized as a non-profit.

Business owners, their employees, military, and community residents tap into the excellent resources and unparalleled opportunities the Clay Chamber offers its members for professional development, networking and building business relationships, increasing company visibility, and outreach into the community. Whether it is attending a Clay Chamber Signature Event, marketing a business through various sponsorship opportunities, or gaining professional education, the Clay Chamber is committed to helping businesses, and the community, thrive and grow.

Chamber Signature Events include the State of the County, Career Fair, Chamber Foundation Scholarship Luncheon, Chamber Golf Tournament, Annual Delegation Wrap-up, Military Appreciation Luncheon, Chamber Foundation Teacher Appreciation

Expo, Clay Community Business & Health Expo, Annual Spectacular, Chamber Foundation Annual Poker Tournament, and the Christmas Luncheon.

The Chamber's Public Policy committee aggressively advocates for your business on a local, state, and national level. Public Policy is dedicated to working for local business owners and provides each member a voice to support business in Clay County.

Membership in the Clay Chamber and active participation are among the best business decisions any professional could make. Our membership is diverse. Participation in Chamber activities is an easy way to build working relationships with hundreds of other businesses, large and small, and have access to a variety of opportunities to grow your business in Clay County and Northeast Florida.

The Business and Membership Development Advisory Council handles overseeing many of the Chamber's events and programs and high-value outcomes for our members. Through this value proposition, the Chamber facilitates the sharing of business referrals to members, whether new to the communi-

ty or sustaining. Members reap the benefit of getting business referrals when someone calls the Chamber asking where they can get a product or service that a member business provides.

People prefer to do business with those that they know and trust. With attendance at Chamber events, members get to know many more individuals in the county and the region than they would otherwise. If you need a service or product, Buy Local and use one of Clay Chamber's members. Chances are they won't forget and will someday reciprocate with a direct purchase or a referral to their family, friends, and acquaintances.

The Clay Chamber offers meaningful volunteer opportunities that range from weekly and monthly commitments to assisting with the production of one of our Signature Events. Businesses often choose a project and enlist the help of their employees, or reward employees for performing volunteer work in their communities. Join our members who share a strong commitment to make Clay County more vibrant, healthy, and supportive of all its residents and businesses.

Let's have another great Chamber year!

Why join the chamber?

INCREASE YOUR VISIBILITY AND PROFILE

Feature: The Chamber holds several Signature Events annually.

Benefit: You can become more visible to decision makers in the business community by choosing to be a title or corporate sponsor of any of these events.

RIBBON CUTTING CEREMONY

Feature: A Ribbon Cutting is a must for any new Chamber member.

Benefit: This ceremony will get your picture in our printed newsletter, online newsletter, and social media to provide you with instant visibility to the membership.

NETWORKING EVENTS AT LEAST ONCE A MONTH

Feature: These events take place as breakfasts, business luncheons, and after-hours programs.

Benefit: Allow you to make connections that will help expose your business to a larger audience and build relationships that can turn into prospects.

YEAR-ROUND ADVERTISING OPPORTUNITIES

Feature: The Clay Chamber's Membership Directory & Source Book, Clay Business Connection Newsletter and online Happening this Week newsletter, as well as the website, are key to increasing awareness of your business profile.

Benefit: You can maintain year-round exposure to thousands of businesses and consumers.

"BUY LOCAL"

Feature: As a member of the Clay Chamber you will have access to the "Buy Local" campaign that utilizes cutting edge technology to reach customers.

Benefit: By participating in the "Buy Local" Campaign you will have the opportunity to become more visible to thousands of potential customers.

"CHAMBER-XTRAS"

Feature: Through affinity agreements, the Clay Chamber is able to negotiate cost-saving programs for services and products that are commonly used by businesses.

Benefit: You gain access to discount pricing for many products and services by using the purchasing power of the collective Clay Chamber membership.

WORKING FOR YOUR BUSINESS

Feature: The Chamber's Public Policy committee proactively advocates for your business on a local, state, and national level.

Benefit: Whether it's education reform, health care, or other key business issues, the Chamber of Commerce is working for you to make it easier to do business locally.

Welcome to Clay County

What an exciting year Clay County has to look forward to! Whether you are a business or a resident, you will be energized by all that is happening here.

Known as Northeast Florida's bedroom community, this jewel on the St. Johns River is poised to explode onto the scene of fastest-growing counties in Florida. The construction of the First Coast Expressway has reached a major milestone and soon we will enjoy direct access to Interstate 95. Transportation is key to our competitive capabilities and a thriving community. We look forward to a growing employment base and quality job opportunities for our residents. Get involved and be part of the new opportunities.

Among our core competencies is education. The county is known for its excellent schools from kindergarten through college with extensive opportunities for lifelong learning. Our average scores for the county are consistently above the statewide averages. We welcome a new Superintendent of

Schools and support him in his commitment to sustain 'A' schools.

Much of the energy within the county is the result of the strong military presence in Northeast Florida. Nearly 30,000 enlisted men and women live in Clay. We thank each of you for your service and we are dedicated to supporting you and your families.

Residents enjoy a number of new and established communities. Some of the newer developments feature modern walkable neighborhoods that incorporate residences, shopping and recreation. Housing and the cost-of-living here are affordable. Our healthcare assets are comprehensive, based on the services provided by Baptist Clay Medical Campus in Fleming Island, St. Vincent's Medical Center Clay County in Middleburg and Orange Park Medical Center.

Clay County is a paradise for those who enjoy outdoor activities. Abundant wildlife includes bald eagles nesting in the pines and manatees drifting lazily in Doctors Lake. Fish-

ing, canoeing, kayaking, sailing and boating are enjoyed on Black Creek, Doctors Lake, the St. Johns River and other local waterways. Tennis, golf, soccer, biking, hiking and RVing are available year-round thanks to our gorgeous weather. It's an easy drive to State and National Parks, historic St. Augustine, Daytona, Jacksonville and countless other destinations.

Arts and Culture are important aspects of living in Clay. The Clay County Fair continues to be a Blue Ribbon Fair, a state award it has received every year since 2003. Attendance in 2016 was nearly 115,000, setting a new record. The Thrasher-Horne Center for the Arts is home to concerts, Broadway shows, an Art Gallery and more. There are numerous festivals throughout the year. There is always something to do in Clay County!

The 2017 Quality of Life Study surveyed local residents about their satisfaction with Clay County. Ninety percent of those surveyed said they are Very Satisfied or Somewhat Satisfied with their life in Clay County.

- 🏠 Home like setting which includes daily engaging activities, spiritual programs and respite care as needed for the caregiver.

Nursing Care Home at Penney Retirement Community

**Opening
Fall
2018**

Our Vision...

As our community has grown and technologies change, the need for a replacement facility for The Pavilion for Health Care nursing home has become ever clearer. We envision a comfortable new nursing care home, focused on the individuals' needs in short-term rehabilitation, long-term care, and when needed end-of-life care.

Penney Retirement Community is reaching out to our friends, colleagues and supporters to inform them about our plans to build this nursing care home, which includes a beautiful chapel. With your help, we can provide larger, more homelike rooms that feature current technology and comfortable places for family and friends to relax and visit. The new nursing care home will also include upgraded facilities for our medical staff, nurses and the entire patient care team.

**Call 800-638-3138 to schedule a visit.
Visit PRC.org**

Penney Retirement Community is well known throughout Florida as being among the very best in long-term nursing care. The Pavilion has been awarded the prestigious Governor's Gold Seal Award consistently since its inception in 2002. No other nursing care center in the state has received this recognition more often.

Green Cove Springs

Green Cove Springs is the county seat of Clay County and home to the county courts and government offices, and the Clay County Sheriff's Office. Located along the St. Johns River, it is home to natural springs that made it a prominent tourist attraction for northern residents in the 1880s. Riverboats carried tourists from Jacksonville to enjoy the healing properties of the famous Green Cove Springs waters. There were many large ho-

tels which provided accommodations.

Over the years, Green Cove Springs has been home to U.S. Naval facilities, the Gustafson Dairy, the first trolley system in Florida, and the first Ford dealership in the state. Today, the city is continuing its growth, centered around the growing municipal services area along Orange Street (U.S. Highway 17).

Despite the growth, Green Cove Springs retains a small-city charm. Parades, a Christmas Festival, Railroad Festival, 4th of

July celebration and the annual Soul Food Festival draw locals and visitors alike. The CalaVida Arts Festival promotes visual and performing arts, and features storytelling, antiques and book signings. Each month on the third Saturday, the Market in the Park offers a variety of local products and services in Spring Park and on Walnut Street. Other cultural highlights include the Clay County Historical Museum and the Military Museum of North Florida.

Penney Farms

The Town of Penney Farms is located along SR16W in the middle of Clay County, southwest of Jacksonville and west of St. Augustine.

The quiet rural community teems with history, having been established in 1927 by a group headed up by department store pioneer James Cash Penney. Most of the residents are

not native-born Floridians, but call Penney Farms "home."

Penney Farms is surrounded by lush shade trees coated in Spanish moss along the J. C. Penney Memorial Scenic Highway. The Town hosts an annual Christmas celebration, which includes a parade, food and drinks, and of course Santa!

Discover one of the best kept secrets in Florida! Peruse the web site and see why they are so proud. The website can be found at www.penneyfarmsfl.govoffice2.com

Located within the Town is Penney Retirement Community, a continuing care community that is home to more than 500 individuals. It is listed on the National Register of Historic Places.

Orange Park

The Town of Orange Park was founded in 1877 and named for the nearby orange groves by a group of businessmen from Boston, Massachusetts. In 1879, the town was incorporated by the state legislature and became home to a large hotel and boat ramp on the St. Johns River that attracted northern tourists traveling on steamboats.

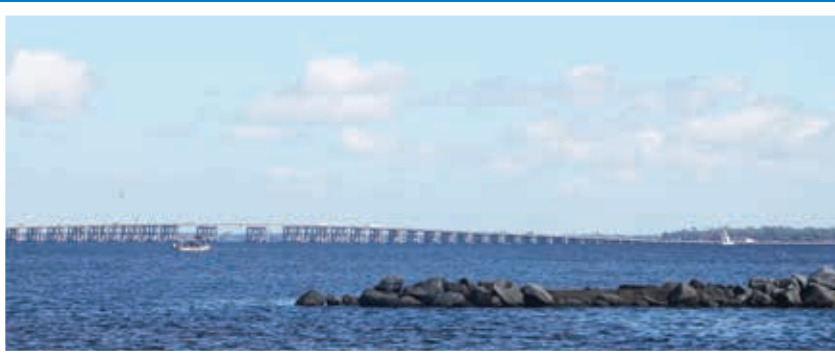

Orange Park is immediately south of Jacksonville and just a few minutes from Naval Air Station Jacksonville. Interstate 295 is the north-

ern border of Orange Park, providing easy access to Downtown Jacksonville, Southside and Town Center, as well as the Beaches, the Jacksonville International Airport, and historic St. Augustine. It is situated on the west bank of the north-flowing St. Johns River and Doctors Lake, providing access to boating, fishing and other water sports from many locations in the town.

Orange Park Medical Center is a full-service hospital with 297 inpatient beds, emergency services, NICU, pediatric and maternity ser-

vices. It recently completed the addition of a Level II Trauma Center.

The Orange Park Mall, located at Wells Road and Blanding Blvd., has more than 100 stores and restaurants, and features a 24-screen AMC movie theatre. Shopping centers dot Blanding Boulevard and U.S. Highway 17, the two main corridors through Orange Park. The town is home to hundreds of local businesses and restaurants and is the most densely populated area of Clay County.

Oakleaf

The newest community in Clay County is Oakleaf Plantation, a planned community located in the northwest area of the county. Located in both Clay and Duval counties, the 6,400-acre development boasts a large Town Center featuring numerous popular stores and restaurants as well as

a championship golf course.

The community was planned to take advantage of the abundant natural resources there. Bike paths, playgrounds, water parks, tennis and ball fields make Oakleaf a perfect community for family life. Convenient to both Interstate 10 and 295, Oakleaf is

just a few minutes from Cecil Field, Jacksonville Naval Air Station and Downtown Jacksonville. Oakleaf Plantation includes Oakleaf Village and Plantation Oaks.

Oakleaf's proximity to major highways and Cecil Commerce Center make it an attractive site for business development.

Middleburg

Middleburg is an unincorporated area and census-designated place (CDP) in Clay County. It began in the 1820s first as Clark's Ferry, named for the man who ran the local ferry. From 1833 to 1850, the area was known as Gary's Ferry. Then in 1853, it officially became Middleburg. When Clay County was created in

1858, Middleburg became the county seat until 1874.

One of the largest areas of Clay County, Middleburg includes both rural and small town areas and is fast growing as a center of commerce and recreation. With access to Black Creek and Doctors Lake, the area boasts great fishing, boating and water sports

activities. The beautiful Jennings State Forest offers plenty of outdoor activities including hiking, horseback riding, and canoeing.

Middleburg also is home to St. Vincent's Medical Center Clay County, a full-service hospital that recently added maternity and women's services, more ER rooms and 30 additional inpatient beds.

Keystone Heights

Located in southwestern Clay County, Keystone Heights is a small city perched on the shores of Lake Geneva. Abundant with lakes, parks and natural beauty, Keystone Heights also features a quaint downtown shopping area where residents gather and shop. Gold Head State Park offers a great place for camping, hiking, boating, horseback riding and encountering local wildlife.

Keystone Heights began in the early 1920s

and was settled by a group of people from Pennsylvania who named it after their home state (the "Keystone State"). It officially became a chartered city in 1925. Keystone Heights is home to the Keystone Airport, which straddles Clay and Bradford counties. Built in 1942, it is the only airport between Jacksonville and Gainesville and is known for its International Aerobatic Club.

Neighbors and newcomers alike get together at the year-round weekly farmers' market or

to enjoy the bike path that stretches from the downtown area to Gold Head State Park. Keystone Beach at Lake Geneva is a favorite place for picnics and includes a large playground called The Geneva Jungle built entirely by volunteers.

Residents are active participants in the Save Our Lakes organization, which advocates for protection of the aquifers that supply water to the city's picturesque lakes. A public golf course is also located in Keystone Heights.

Fleming Island

Fleming Island is an unincorporated community in Clay County, located 15 miles southwest of Jacksonville and immediately south of and adjacent to Orange Park. Fleming Island is a true island, as it is nestled between the St. Johns River, Black Creek, Swimming Pen Creek and Doctor's Lake. It is the 104th largest community in Florida. Major housing communities include Eagle Harbor, Pace Island and Fleming Island Plantation.

The abundance of activities, restaurants, churches and outdoor attractions makes Fleming Island a perfect family-friendly com-

munity. Boating, fishing, kayaking and other water sports are enjoyed on all four waterways surrounding the island. A 7-mile long, 8-foot wide sidewalk runs throughout Fleming Island providing a safe and picturesque place for jogging, walking and biking. Black Creek also boasts walking and hiking trails and Moccasin Slough offers a nature lover's paradise that can be experienced by canoe, kayak or small boat.

Baptist Medical Center Clay provides a 24-hour Emergency Room, Children's Emergency Center, outpatient medical services, and physician offices. It plans to open a full-service hospital in the future.

Activities in Fleming Island include the Clay County Soccer Club - one of the largest in Florida - as well as several baseball fields, golf courses, parks and tennis courts. The Carmike Cinemas has 12 movie screens and is located within walking distance of several popular restaurants and retail shops. The headquarters of the Clay County Library System is located near Fleming Island High School. Baptist Medical Center - Clay is located on Fleming Island and offers a 24-hour Emergency Room, Children's Emergency Center, outpatient medical services, and physician offices.

Military

Clay County has a rich military history and continues to still be involved and affected by the military presence in Northeastern Florida. The military is a dominant factor in the Clay County economy as well as in the individual lives of many residents.

The military presence has created thousands of jobs within Clay County, millions in sales activity, and millions in capital investment. With military bases at Naval Air Station Jacksonville, Blount Island Command, and Camp Blanding Joint Training Center, the presence of the military in Clay County makes an enormous impact on housing, healthcare, education, and business.

Camp Blanding is home to the Florida Army National Guard's primary training area. It includes 73,000 square acres on the banks of Kingsley Lake. Established in 1939, Camp Blanding is used year-round to meet the training needs of thousands of National Guardsmen, Active Army soldiers and Army Reserves from across the United States. During World War II, 90,000 troops were trained at Camp Blanding, making it the fourth largest "city" in the state during that time.

United States Marine Corps Blount Island Command is located off the St. Johns River in Jacksonville. The site began its usage for Marine Corps operations in 1986 and continues to be a site of activity for Marines.

The Naval Air Station of Jacksonville, located off U.S. Highway 17 on the St. Johns River, was established in 1940 and is still a dominant part of the military presence in Northeastern Florida. With the dawning of World War II, the Naval Air Station was commissioned into use before its completion. With this new commission, the Naval Air Station was expanded to include a multitude of services for its military residents including a hospital, churches, gyms, restaurants, and boat ramps. NAS Jacksonville now displays several decommissioned planes on its Yorktown Avenue entrance that interests both the public and military residents. NAS Jacksonville continues to remain a bustling area of activity for naval personnel and their families. The Fleet Readiness Center Southeast is based at NAS Jacksonville.

Other military influences across Northeast Florida that impact Clay County include the Air National Guard and the United States Coast Guard in Jacksonville. These military bases and training sites greatly affect the economy and lifestyle of Clay County where many military personnel reside. With many residents currently or formerly involved in the military, its presence has shaped Clay County throughout the years and will continue to influence our county in years to come.

Join Our Family

Most good ideas are simple. Hard work is a good thing.
There is a God. We treat employees and customers
like we want to be treated.

These simple ideas have provided an atmosphere that has
propelled us to the tenth largest employer in Clay
County. We have built a customer base that is success-
ful and satisfied. We provide our employees a safe,
stable, growing environment that challenges and re-
wards their hard work.

If you are looking for a career in the heavy construction in-
dustry; come see us. No matter where you are in your
career path we are interested in you. Labor, trades-
man, operator, professional persons; all have a place
in our family.

If you are a potential customer, or a potential employee
come to our office and see what makes us different.
See what makes us grow. We think you will find a
home here.

Vallencourt.com - 904-291-9330

Health Care Overview

Clay County is blessed with three major medical centers and a host of physician offices, medical lab and diagnostic centers, mental health providers, nursing homes and outpatient clinical centers in many specialties. A specialty hospital, Kindred Hospital North Florida in Green Cove Springs, cares for patients requiring long-term hospitalization and medical support.

Virtually every medical and surgical service is available in Clay County. The two inpatient facilities, Orange Park Medical Center, and St. Vincent's Medical Center Clay County, offer a full range of inpatient care for adults and children. There also is a Level II Trauma Center at Orange Park Medical Center. Baptist Medical Center Clay offers a wide variety of outpatient services at its Fleming Island campus and has plans to add inpatient beds soon.

In addition to the hospitals, Clay County also is home to several specialty providers for areas including eye care, dermatology, physical rehabilitation, inpatient and outpatient mental health and substance abuse treatment, gastroenterology, orthopedics and more.

Primary Care physicians affiliated with our hospitals are available throughout the county. Additionally, there are independent practice physicians in primary care and many other specialties.

High quality older adult care is readily available in Clay County, including long term care, home-based nursing, and hospice care. Some of these are Benton House at Oakleaf, Canterfield of Clay County, Consulate Health Care of Orange Park, Haven, Life Care Center of Orange Park, Moosehaven, Penney Retirement Community and Signature Healthcare of Orange Park. Penney Retirement Community's Pavilion for Health Care has been recognized by the Governor's Gold Seal Award nine consecutive years, more often than any other nursing facility in the state.

Now, Clay County residents can stay close to home for any medical service needed.

Always Ready

**When emergencies strike,
we're here for you.**

When your family is sick or injured, you need help fast. For years, Orange Park Medical Center has had the shortest ER wait times in the area. Now, its Trauma team has doctors and nurses with specialized training to treat the most serious falls, car accidents or other injuries.

When emergencies strike, minutes matter.

Choose Orange Park – the team that is Always Ready.

OrangeParkMedical.com/Trauma

Orange Park Medical Center

Orange Park Medical Center represents over 40 years of commitment to meeting the healthcare needs of the community, providing the highest level of quality care and services. Orange Park Medical Center continues to grow, expand and receive quality achievement awards, including the top rated open heart and stroke programs, and "Joint Commission Top Performer" status for five years in a row.

As Clay County continues to grow and progress so does Orange Park Medical Center. In May of 2016 the hospital opened a trauma center. Prior to the trauma center opening patients had to travel to Jacksonville or Gainesville to get the specialized treatment they needed. Getting treatment in the first 60 minutes "the golden hour" of a traumatic injury is crucial.

In July of 2016 the hospital opened a brand new 20-bed inpatient rehabilitation center. At the close of the year the center has already seen over 100 patients with 88 percent returning home or back into the community, soaring high above the national average of 77 percent. The center rehabs patients that have experienced conditions including traumatic brain injury, stroke, amputation and many other conditions. The center offers 24-hour physician coverage and therapy 7 days a week.

Orange Park Medical Center continues to expand their services by adding one of the most advanced imaging technologies in the country. The new x-ray imaging system called a biplane is used to diagnose and treat acute stroke patients as well as those suffering from an aneurysm. The biplane provides a better view of the patient, a speedier surgery and the opportunity to use a lower dose of radiation. Orange Park Medical Center is the only hospital in Clay County to be a designated comprehensive stroke center by ACHA. The designation ensures that stroke victims will be seen quickly and receive care from staff that has been specially trained to care for patients suffering from a stroke.

As the demand for physicians continues to grow faster than supply, Orange Park Medical Center's graduate medical education (GME) residency program continues to expand. Orange Park Medical Center is continuing to recruit skilled physicians to the Clay County area to assist in the physician shortage gap in our future. The residency program currently has 52 residents with an additional 15 starting in July. The hospital is now considering additional programs which will bring their residency population to 152 by 2020.

Orange Park Medical Center continues to be the only ER in the area with full-time pediatricians ready 24 hours a day.

As 2018 kicks off, the hospital has big plans to continue improving the facility and patient care. A number of facility renovations will bring new and upgraded imaging equipment, an 8-bed expansion at their free-standing Park West ER, an electrophysiology lab expansion and new medical office buildings.

St. Vincent's Healthcare

St. Vincent's HealthCare, part of Ascension, the nation's largest Catholic and non-profit health system, has been providing compassionate care to Clay County families for decades. From our Mobile Health Outreach Ministry to St. Vincent's Medical Center Clay in Middleburg, thousands in our community have trusted their care to St. Vincent's.

Last year, St. Vincent's Medical Center Clay doubled in size, creating more than 100 new jobs to the community, and adding much-needed maternity services.

"We really want to elevate the level of care we provide our mothers-to-be," said Priscilla Lagmay, Nursing Manager at St. Vincent's Clay Family Birth Place. "Our goal is to make the entire process, from labor and delivery to recovery, effortless for the mother. We're excited to start growing families within our community."

The expansion also increased the size of our Emergency Department and added additional patients rooms.

To learn more about services offered at St. Vincent's HealthCare, visit www.jaxhealth.com.

Baptist Health Care: One Stop for Your Outpatient Health Care Needs

The Baptist Clay Medical Campus connects Clay County families to leading-edge emergency, primary and specialty care for children (newborn to age 18) and adults.

The centerpiece is the Baptist/Wolfson Children's Emergency Center, a freestanding hospital emergency center for pediatric and adult patients that is open 24/7. The Wolfson Children's ER has 16 beds and separate treatment and waiting areas for children and is staffed by pediatric emergency medicine specialists and emergency physicians. It is the only dedicated children's ER in the region that is affiliated with Wolfson Children's Hospital. Our facility also has a LifeFlight helipad, Kids Kare Mobile ICU and ground ambulance for patients requiring additional care at a hospital. Our pediatric and adult ERs treated 24,000+ Clay County patients in the past year.

Baptist Diagnostics and Imaging is also located in the center, offering digital imaging and laboratory services for both children and adults. Tests offered include X-ray, CT, MRI, ultrasound, mammography, bone density and routine blood work. Outpatient CT and MRI appointments are available on Saturday mornings. Call 904.202.2222 to schedule an imaging test.

Next door, the three-story medical office building includes a unique partnership of pediatric specialists from Wolfson Children's Hospital, Wolfson Children's Rehabilitation, Nemours Children's Specialty Care, Fleming Island, and the University of Florida College of Medicine – Jacksonville.

The Wolfson Children's Specialty Center offers the following specialties:

- Audiology and hearing
- Allergy and immunology
- Cardiology
- Orthopedics and sports medicine
- Ophthalmology
- Otolaryngology (ear, nose and throat)
- Physical, occupational and speech and language therapies
- Psychology and psychiatry
- Pulmonology (respiratory care)
- Radiology (imaging)
- Urology

The Baptist Clay Medical Campus also includes primary care options for the entire family. Dale Boyd, MD, and Curtis Storm, MD, with Baptist Primary Care sees patients of all ages and one of three Orange Park Pediatrics offices is at Baptist Clay.

The Jacksonville Orthopaedic Institute is located on site where Nigel Sparks, MD, Scott McGinley, MD, and Richard Grimsley, MD, are available to treat orthopaedic needs. In addition, Jacksonville Orthopaedic

dic Rehab is here to assist you in the orthopedic healing process. Cardiologist, Carlos Zamora, MD, has joined Simone Nader, MD, and David Stroh, DO, of Baptist Heart Specialists, providing cardiology services; Baptist Medical Center Cardiac Testing is on site for stress tests and other routine exams.

Baptist Behavioral Health offers outpatient appointments with Elisa Simon, MD, Katie Mohan, PhD, and Carol Visconti, LMHC. Paul Walker, MD, with Baptist ENT Specialists is on site and Baptist Rheumatology is also available for outpatient services. For more information, visit baptistclay.com.

Kindred Hospital North Florida

Kindred Hospital North Florida is an 80-bed transitional care hospital that offers a full range of acute care services for medically complex patients who require continued care and extended recovery time.

As a regional referral center, our hospital specializes in managing medically complex, resource-intensive patients who require extended lengths of stay. Our goal is to be recognized as a “Center of Excellence” in the treatment of this medically fragile patient group. Kindred Hospital North Florida serves all of northern Florida and southeastern Georgia.

As a fully accredited acute care hospital, Kindred Hospital North Florida delivers nearly all levels of care, including intensive care. While our reputation is rooted in the innovative management of ventilator-dependent individuals, all acutely ill patients are considered for admission regardless of their prognosis.

As part of a nationwide system of Kindred Hospitals we benefit from a synergy that provides consistent enhancements in quality, protocols and technologies. The end goal of these efforts is to create an environment that enables each patient to maximize his or her potential. Specialized services offered include pulmonary services, critical care, renal dialysis, cardiac telemetry, blood bank, laboratory, pharmacy, EKG, radiology, nutritional support, speech, physical and occupational therapy, surgery, wound care management and outpatient GI services and comprehensive outpatient ultrasound.

Managing your family's health is easier with Baptist Clay Medical Campus.

Clay Chamber Health Screen New Convenient Website!

Get a Complete Lab Panel for only \$55; No Doctor's Order or Insurance Required!

Getting your blood tested could cost you \$350 or more, but the Clay Chamber's health screening program allows you to do so for just \$55. And for just \$20 more, men can get a PSA (Prostate Specific Antigen). It is a great inexpensive way for you to find out if your health is at risk.

Testing Includes:

- COMPREHENSIVE METABOLIC PANEL (CMP)
- LIPID PROFILE
- COMPLETE BLOOD COUNT (CBC)
- THYROID STIMULATING HORMONE (TSH)
- URIC ACID
- PROSTATE-SPECIFIC ANTIGEN (PSA)
OPTIONAL FOR MEN ONLY

This program is open to everyone and it is available year round. You can register online at the NEW convenient website at www.CCCCHealth.com or in person at the Clay County Chamber of Commerce located at 1845 Town Center Blvd, Bldg 400, Ste 410, Fleming Island, FL 32003. For additional information, please call (904) 264-2651 ext. 214. The screening is done in partnership with Consolidated Laboratory Services; St. Vincent's HealthCare.

Clay County ranks in the top 20 school districts in Florida for academic performance. This high honor is indicative of the great academic opportunities available to Clay County students.

With more than 35,000 students and 41 schools, the district is comprised of 26 elementary schools, six junior high schools, one junior-senior high school, six high schools, one alternative learning center, one K-12 virtual school and an adult and community education program. The Clay County School District averages 18 students per class for kindergarten through third grades and 22 students per class in fourth through eighth grades.

Clay County offers its students an array of extra-curricular education opportunities including music, art, sports, technology, an International Baccalaureate program, Cambridge Academy and NJROTC. The district also provides services and programs for Pre-K and non-English speaking students.

The School District of Clay County is committed to building on a tradition of excellence as they "Discover Endless Possibilities." One of the ways they are "Elevating Clay" is through a redesign of high schools to better engage students in small themed learning communities called "The Academies of Clay."

Listed below are some of the highlights and awards the district has received:

- Expansion of Robotics Clubs into the high schools
- iPad initiative in all Title I schools as part of a greater effort to create 21st century classrooms
- Designated a Ford Next Generation Learning Community – 1 of only 17 districts nationwide
- Military Child Education Coalition, 2014 Exemplary Partnership Award: Full STEAM Ahead
- Clay Teachers are ranked 8th in the state based on VAM scores
- Moved up eight spots in the state ranking from district grade and accountability from 20th to 12th in the state, one point away from an "A" school district
- Clay County is the 7th district in the state to implement a Hands-Only CPR in their graduation policy

Along with the outstanding public school system in Clay County, there are also many highly-regarded private schools. These private schools include Annunciation Catholic School, Big Oak Montessori of Orange Park, Crossroads School, Faith Christian Academy, Grace Episcopal Day School, Seven Bridges Preparatory School, St. Johns Country Day School, and The Broach School. There are several pre-schools throughout the county.

St. Johns River State College's Orange Park campus is located in Clay County. The college has four campuses located on the First Coast, including Palatka, St. Augustine, Ponte Vedra and the Orange Park location. SJR State College offers bachelor's degree programs in Early Childhood Education and Organizational Management in addition to their associate in arts and associate in science degree programs. Other colleges in Clay County include Altierus Career College and Fortis College. The University of North Florida (UNF) and the University of Florida (UF) are both within driving distance. There are additional private colleges and universities in Northeast Florida.

ELEVATE CLAY

Our outstanding performance on state assessments for the 2016-17 school year demonstrates that Clay County District Schools is moving in the right direction to become a Top 10 and "A" school district in Florida. Additionally, the exponential growth that Clay County is experiencing continues to attract new residents, businesses, builders, and military families. This growth has been contributed to Clay County District Schools' academic status along with our ability to develop and support the whole family.

"As the newly elected Superintendent of Clay County District Schools, I am honored, humbled, and inspired by the incredible responsibility charged to me in leading this great system and improving teaching and learning. As we move into this new school year, I will continue to dedicate my efforts to enrich the academic experiences for all students and create a climate and culture that fosters collaboration, transparency, and a child-centric environment," said Superintendent Addison Davis.

Our vision: The School District of Clay County exists to prepare life-long learners for success in a global and competitive workplace and in acquiring applicable life skills.

Transportation

First Coast Expressway and I-295

Progress continues on the First Coast Expressway, a new multi-lane all-electronic toll-road that will eventually run through Clay County, connecting Interstate 95 (I-95) in northern St. Johns County to Interstate 10 (I-10/Beaver Street) in western Duval County. The total length of the proposed roadway is approximately 46 miles and will reduce congestion on other major roadways in the region. The northern section from SR 21 (Blanding Blvd) in Clay County to I-10/US 90 in Duval County should be completed in early 2018. Right-of-way purchase is nearly completed and funding is approved for the second segment from SR 21, south and east to south of SR 16 by the St. Johns River. Construction in Middleburg and Green Cove Springs starts in early 2019. The southeastern, third segment which includes a new bridge over the St. Johns River where the Shands Bridge currently stands, is at least five years away from construction with funding pending.

Interstate 295 (I-295) provides a link to Clay County and the surrounding areas. The town of Orange Park has two main ramps to I-295, found at Blanding Blvd (State Road 21) and Park Ave (U.S. Highway 17).

I-295, an auxiliary route of Interstate 95, is a beltway around central Jacksonville, Florida. The 60.864 mile-long beltway consists of two segments, the West Beltway (formerly signed as simply I-295), and the East Beltway (formerly signed as State Road 9A), with I-95 serving as the dividing line between the two.

Clay County's access to I-295 allows for easy commuting and traveling to other metropolitan areas and points of interest in Florida and southern Georgia. Taking I-295 South to I-95 South, residents are within a two to three-hour drive from the many attractions of Orlando, the beautiful beaches of Daytona and historic sites of St. Augustine. I-295 North to I-10 West takes residents through Northern Florida and into Tallahassee in only about three hours' time. The trip into Georgia is also a short one for residents of Clay County. Traveling farther south into Florida to

cities like Tampa, will only take residents around four to five hours.

A more scenic drive to St. Augustine can be achieved by traveling south on SR 17 into Green Cove Springs, and then taking SR 16 into St. Augustine, where the road winds through the twisting oak trees

of Penney Farms and by the famed outlet mall into historic St. Augustine.

Overall Transit Map

providing transportation to residents of Clay County. Clay Transit provides door-to-door services for medical appointments and public transportation on seven Flex routes that operate in the County and connect to surrounding counties. The **Green Line**, **Blue Line**, **Red Line**, and **Orange Line** connect to JTA at the Orange Park Mall enabling riders to commute from Middleburg, Fleming Island, Green Cove Springs, and Orange Park all the way into Jacksonville and back. The **Magenta Line** runs out of Keystone Heights and connects riders to RTS station in Gainesville. The **Teal Line** is one of the newest lines. It starts in Keystone Heights and proceeds to Black Creek Park-n-Ride located on CR 220 where it connects riders to other lines as well as JTA. The **Purple Line** provides service in Middleburg for individuals to commute. All shuttles are equipped with a bike rack to accommodate two bikes and are wheelchair accessible. For more information, visit www.claytransit.com or call (904) 284-5977.

JTA

The Jacksonville Transportation Authority (JTA) is an independent agency of the State of Florida governed by a seven-member board of directors and led by CEO Nathaniel P. Ford Sr. JTA operates Jacksonville's public bus service, the St. Johns River Ferry service, a Downtown automated Skyway and paratransit service. The Authority also plans, designs, and builds roads through the JTA MobilityWorks program.

Clay County is served by three JTA bus routes:

Route 201 – Clay Regional Express with stops at Orange Park

Medical Center and the Black Creek Park-n-Ride on CR 220; Route 5 with stops at the Orange Park Mall; and Route 301 – Oakleaf Community Shuttle with service between Oakleaf Town Center and the Orange Park Mall. For more information, visit www.jtafla.com or call (904) 630-3100.

Jacksonville International Airport

JAX provides non-stop flights to 31 airports throughout the U.S., Canada and Bahamas, including those that serve as international gateways. Eight low-cost and legacy airlines provide some 160 daily arrivals and departures at JAX. Visit www.flyjacksonville.com for more airport information.

Keystone Airpark

Keystone Heights Airport is located approximately 50 miles Southwest of Jacksonville, and 3 miles north of the city of Keystone Heights, in the Southwestern corner of Clay County. It straddles both Bradford and Clay Counties and is the only “public use” Airport in both counties. At any given time, there are approximately 68 aircraft permanently based on the field stored in either T-hangars, bulk hangars, or on open ramp areas. The airport has two, five thousand foot runways capable of accommodating aircraft as large as a C-130 and aircraft weighing up to 150,000 lbs. It sits on 2,482 acres with designated areas delineated as Airport Commercial, Business Park, Light Industry, and Timber.

The Keystone Heights Airport has approximately 70 tenants and is scheduled to build an additional 10 T-hangars by 2019, funded through FDOT Aviation grant money. A majority of improvement projects are funded by FAA and FDOT grant money and are laid out in a Master Plan

which is carried over a 20-year period.

If you are interested in more information about leasing, or using our field for an event, please visit our website at www.keystoneairport.com or contact the Airport Manager at (352) 473-0031.

Amtrak

Local residents of Northeast Florida may also be interested in traveling via train. Amtrak’s Jacksonville station located at 3570 Clifford Lane can be reached at (904) 766-5126. Trains offer travelers a new and interesting mode of transportation. By visiting the Amtrak website at www.amtrak.com, interested travelers can find further information on booking their next continental vacation via train.

North Florida TPO

The North Florida Transportation Planning Organization (North Florida TPO) is the independent regional transportation planning agency for Clay, Duval, Nassau and St. Johns counties. The TPO Board includes elected officials and transportation agency representatives from the region. Currently Clay Commissioners Diane Hutchings and Wayne Bolla represent Clay County on the TPO Board while staff from the cities and county are actively involved with the Technical Coordinating Committee and other initiatives. To learn more about the TPO access the web site at www.northfloridatpo.com.

A Letter From...

Laura Pavlus

Interim Executive Director, Clay Florida Economic Development Corporation

The mission of the Clay Florida Economic Development Corporation is to promote high-wage job creation in Clay County. Economic development is a never-ending pursuit and involves both the private and public sectors. Local businesses and local governments work together to support the growth of existing high-wage companies, as well as to recruit new high-wage employers to Clay County.

The Clay County labor force is a well-educated and highly-experienced workforce. Clay has a 104,000 person labor force, but only 47,000 jobs. Over half of those jobs are filled by out-of-county workers. That requires most of our labor force to commute to Jacksonville for employment. Clay's 78% commuter rate is one of the highest in the region. Our goal is to help create more high-wage jobs in Clay County so more of those workers can work closer to home.

Clay County has several high-wage sectors that have all grown significantly: health care and life science, information technology, defense and aviation, and manufacturing. We will continue to support those companies that are already growing in Clay and work with our state and regional partners to recruit new high-wage companies to locate in Clay.

You can learn more about the Clay Florida Economic Development Corporation and our efforts to promote high-wage job creation at www.ChooseClay.com.

George Egan

Chairman, Clay Florida Economic Development Corporation

It is my honor to serve as the Chairman of the Board of Directors for the Clay Florida Economic Development Corporation (EDC) for 2018. Our Board is comprised of business and community leaders who are committed to and understand the importance of actively promoting continued economic growth and prosperity. Clay County continues to be recognized in the North Florida region as a premier location to live, work, and play. Our goal as a Board is to continue to build upon this foundation through the coordinated efforts of our Investors, the business community, and the local government. In my role as CEO of the Reinhold Corporation, I take a very long term perspective as I consider the growth of Clay County. It is the aspiration of the Reinhold family that we continue to make Clay County a great place to live, work and raise a family. My role as Chairman of the EDC is a part of ensuring we meet our aspirations for Clay County over the long term.

Besides me as Chairman, the EDC Board includes: Chad Patrick, CEO of Orange Park Medical Center; Ted McGowan, Executive Director of Reynolds Industrial Park; Brian Knight, CEO/Owner of Pragmatic Works; David Meyer, Chief Strategy Officer of St. Vincent's HealthCare; Jerry Agresti, President of Developers Realty Group; Dr. Anna Lebesch, Executive Director and VP Workforce Development of Orange Park Campus St. Johns River State College; Van Royal, Green Cove Springs City Council and Owner Exit-Magnolia Point Realty; Joe Mobley, Principal at The Fiorentino Group; and Joseph Nowland, Chief Business Services Officer at VyStar Credit Union. Frank Miller of Gunster Law Firm serves as Board Attorney. The composition of the Board reflects the unified commitment and coordinated efforts of our Investors, the business community, and the local government.

We look forward to a prosperous and very successful 2018 as we continue to promote high-quality job growth in Clay County.

CLAY COUNTY UTILITY AUTHORITY

You most likely know Clay County Utility Authority (CCUA) as your water company, but we are so much more. For the past 23 years, we have been committed to ensuring Clay County is an environmentally sound and thriving place to live, work, and play.

Our dedicated staff works with new businesses to set up their water, wastewater, and reclaimed water service, and do so at the lowest cost in the time frame required. We also work to make sure each business has the proper equipment to meet or exceed regulatory and environmental compliance. Our experienced staff will make visits to your business to help identify leaks or problems and provide friendly reminders when environmental equipment may be due for inspection and testing.

Currently, 119,481 residents count on us for their water, wastewater, and reclaimed water. Cutting edge residential programs we provide include free water conservation assessments, cross connection inspections for homes with reclaimed water, leak credits when you promptly repair any leaks discovered, pool credits for newly installed swimming pools or repairs made to pools, and even sod credits when you decide it's time to spruce up your lawn. Our staff is available 24/7 to assist when you have an emergency with your utility services. Please know we are always just a phone call away.

Committed to our Community

Our family of 160 employees can be seen throughout the communities of Clay County each and every day. Our staff members volunteer with numerous charitable and non-profit organizations in support of our community. We are particularly proud of our partnership with Clay County Schools, helping educate students on environmental sciences and conservation and mentoring high school interns in future careers of information technology, engineering and environmental science. We are actively involved with the Clay Chamber and the Clay Florida Economic Development Corporation to ensure we remain informed of what matters most to our business community and the long-term economic growth in Clay County.

You may also see our specialists performing maintenance on our utility infrastructure throughout the community, as our team works to ensure service is there when you need it. When you see one of our team members, whether it is in our office or out in the community, please know that we are striving to provide you with the best quality service at the most affordable price, using only the most environmentally friendly practices.

Water Quality

A safe, economical and abundant drinking water supply is essential to maintain our quality of life and ensure the economic vitality of our community. The Floridan Aquifer is currently Clay County's sole source of drinking water. The aquifer contains high quality ground water that is confined well below ground level. Geologic formations, known as confining layers, protect ground water from contamination. After water has been withdrawn from the aquifer, it is aerated, disinfected and then pumped to your home. Our highest priority is to ensure our customers have safe drinking water.

Affordable Drinking Water

As a CCUA customer, you will typically have one of the lowest utility bills for water, wastewater, and reclaimed services. The cost of CCUA water is less than a penny a gallon using our average monthly water bill.

CCUA CUSTOMERS ENJOY LOWER RATES

BASED ON AVERAGE RATES FOR EQUIVALENT RESIDENTIAL CONSUMPTION, INCLUDING ALL FEES AND SURCHARGES.

CCUA **\$75.09**

JEA - GREATER DUVAL **\$85.53**

ST. JOHNS COUNTY **\$91.92**

GRU - GAINESVILLE **\$97.15**

Conservation Planning for the Future

We are pleased to share that our customers have been great conservation partners, as more than 90% of our total residential customers do not exceed an average of 8,050 gallons of water usage per month. The total pumping from our water treatment plants has decreased 7.05% from 2008, even though the number of our residential customers has increased by almost 5,300.

Relying on the Floridan Aquifer as a water source will not always be a viable solution to providing you with the supply of quality water you need and require. That is why our team of engineers is constantly researching alternative water supply sources and preparing for the future. And while innovation requires an investment in dollars, please know that we work to offset these costs by working with the local regulatory agencies to receive cost sharing and funding opportunities.

At CCUA we strive to exceed our customers' expectations, so please reach out to us regarding your needs and recommendations for improved service. To learn more about alternative water sources, upcoming projects, and to contact us with recommendations or questions, please visit our web site at www.clayutility.org.

A Golfing Paradise

The natural beauty of Clay County combined with the favorable Northeast Florida weather makes the area a perfect golfer's paradise all year round. Natural lakes, soaring pines, protected wetlands and moss-draped oaks make a beautiful and relaxing setting for golfers.

Clay County is home to eight courses, including an 18-hole Championship golf course, that are designed for golfers of all skill levels. Country Club golf courses are located in Oakleaf, Eagle Harbor, Magnolia Point, Orange Park and Fleming Island Plantation. Most feature full club amenities including dining facilities.

Eagle Harbor Golf Course is a championship course with 18 challenging holes with a newly-renovated Club. The Golf Club at Fleming Island Plantation was designed by Bobby Weed and is open to the public. Eagle Landing at Oakleaf Plantation is a 27-hole course with the county's longest set of greens. The Country Club of Orange Park

is an 18-hole semi-private course.

Established in 1950, the public River Bend Golf Links was recently named the most improved course in the region. In addition, Penney Retirement Community has a 9-hole course and in Keystone Heights, golfers can play the oldest course in Clay County at the 9-hole Lakeside Links Golf Club, which opened in 1928.
