Fort Calhoun declines upgrade to water metering system

BY GREG FORBES
For the Washington County Pilot-Tribune

The Fort Calhoun City Council declined to purchase an upgrade to the city's metering infrastructure at its May 19th meeting.

Last month, the City Council moved to table a bid from Core & Main for $108,448 to upgrade its Advanced Metering Infrastructure in order to gather more information and weigh the pros and cons of the upgrade.

The upgrade proposal included new equipment and software that would allow city employees to read utility meters remotely instead of manually taking readings on site. Additionally, the upgrade would have instantly notified the utilities department of potential leaks and other issues with the system, as well as allow employees to remotely shut off water service.

At the City Council's April meeting, representatives of Core & Main advised that the upgrade would save the city man hours to focus those resources on other pressing matters and increase proactivity in the event of a leak.

While the upgrade would have provided increased convenience for meter reading and response, the council and citizens at the meeting questioned whether the $100,000 investment and an annual cost of $20,500 were necessary.

Councilman Nick Schuler said his concern is that the money that would be used to pay for the upgrade is ideally treated as a "rainy day fund."

"When we raise rates, what I look at that is as a rainy day fund," he said. "So when something goes wrong and we have to replace water mains, we don't have to pull bond because we have a chunk of money we can use for repairs."

Resident John Linton questioned whether the upgrade was more of a matter of convenience than necessity.

"From a homeowner's standpoint, even though this isn't property taxes, it is water rates," he said, adding that local homeowners are already facing a number of tax and fee increases. "If this is just a convenience and not a necessity, maybe this should be put off until they've weathered the insurance storm, got the property tax thing figured out, and we can maybe look at lowering water rates rather than increasing them."

Linton said that while he understood it would save man hours, he said a public presence is also a benefit to the community.

"Putting man hours in the field has a benefit," he said. "You're driving the streets so you can come across wash outs, powerlines that are down, poles that need repairs, crosswalks that need to be upgraded."

Resident Bob Lammers said he also questioned the significance of the upgrade.

"It's a business decision for the city, and the business decision doesn't look like a very good value when you consider $108,000 to start out and $20,000-plus every year in the future just to do something that we do now with people," he said.

The item failed for lack of a motion.

DAY AT DESOTO

This year's field trip last one for teacher Todd Wick

BY JOE BURNS
For the Washington County Pilot-Tribune

Each spring, Arbor Park and Deerfield fifth-grade classes take field trips to DeSoto National Wildlife Refuge.

The morning begins with students cooking breakfast over an open fire. Throughout the day they fish, kayak, canoe and search for frogs and other critters along the shores of DeSoto Lake. Parents are invited to join in the learning and fun.

Over the years, many former students tell fifth-grade teacher Todd Wick that the day they spent at DeSoto is one of their favorite school memories. Wick, who has been helping to organize and lead these field trips for 35 years — since Arbor Park opened, retired Friday.

The long-time Arbor teacher said that the all day trip and other field trips to DeSoto National Wildlife Refuge throughout the year are effective ways to help teach life science, which is an important part of the fifth-grade curriculum in Blair.

He said the field trips make science "real" and get rid of the textbook mindset.

Wick said outdoors education is important because it is our future.

"Kids need to understand and appreciate (nature) because we are all a part of it," Wick said. "Without these experiences I'm afraid kids would not see the value in nature."

PHOTOS BY JOE BURNS | PILOT-TRIBUNE
Kayaking is always a favorite DeSoto National Wildlife Refuge field trip activity for fifth-grade students from Arbor Park and Deerfield Elementary schools.

Fifth-grade students from Arbor Park and Deerfield Elementary schools in Blair get the chance to fish during their spring field trip to DeSoto National Wildlife Refuge.

Fifth-graders from Arbor Park and Deerfield Elementary schools are canoeing on Lake DeSoto during their annual spring field trip.

Coverage of Memorial Day services

Memorial Day services honoring those who paid the ultimate sacrifice to preserve our freedom were held throughout Washington County on Monday.

We were at several of those services, and have posted photos to our Facebook page.

Unfortunately, our early printer deadline didn't allow us to include any of those photos in this issue of the Washington County Pilot-Tribune. You will be able to find all our Memorial Day photos in Friday's issue of the Washington County Enterprise.

3:07 AM - Fort Calhoun - Business Checks - 17 Checked.

Arlington Elementary talent show gets Mobbed!

PHOTOS BY ADAM BRANTING I PILOT-TRIBUNE

Teachers Kylie Winslager and Melissa Moran, along with most of the faculty, surprised Arlington Elementary students with a surprise "flash mob" dance during the school's third annual talent show on Wednesday.

Preschool teacher Gail Barth was given a surprise "thank you" by the entire elementary school audience at the beginning of Wednesday's talent show. Barth is retiring after 20 years with APS.

Students showed off their performing skills at the Third Annual Arlington Elementary School Talent Show, including second grader Huxley Schurkamp and his shadow puppetry.

Banks to be sentenced for her part in Kennard standoff

STAFF REPORT

Dana Banks — the Omaha woman allegedly involved in a standoff with law enforcement that ended in Kennard in May 2024 — has been found guilty of being an accessory to a felony by a Douglas County District Court.

Banks, 41, pleaded no contest to the accessory charge in March. But in April, Banks filed a motion to withdraw her plea, saying it was "not knowingly, understandingly, intelligently or voluntarily tendered."

Douglas County District Court Judge LeAnne Srb overruled her motion on April 30.

Banks will be sentenced on June 17.

Banks, along with her companion, Jason Davenport, had run from the Nebraska State Patrol on May 30 as troopers attempted to make contact with Davenport. He has pleaded no contest to four felony counts and is expected to be sentenced on Tuesday.

According to previous reporting, on May 30 at around 9 p.m., NSP troopers were attempting to locate Davenport in the 6200 block of 30th Street in Omaha. He was wanted on domestic violence warrants and had led law enforcement in a vehicle pursuit on May 22.

That evening, troopers observed Banks exiting a residence on 30th Street, heading westbound, as Davenport was seen leaving from another area of the residence and trying to jump a privacy fence.

Troopers made contact with Davenport, who was seen holding a handgun. Though ordered to drop his weapon, Davenport instead allegedly approached an unoccupied patrol unit while firing shots into the air.

Davenport allegedly attempted to remove a rifle from a rack in the unoccupied patrol vehicle, but was unsuccessful.

In an exchange of gunfire, investigators indicated Davenport may have been hit in his torso.

Camera footage showed a gray Ford Fusion drive up to the patrol unit. Banks was allegedly seen exiting the car to assist Davenport, helping him into the driver's seat of the Ford and then climbing into the passenger's seat. The two sped off, with troopers in pursuit but soon losing sight of the Fusion.

Law enforcement later located Davenport and Banks in Washington County, via precision location information from Davenport's cellphone.

Around 3 a.m., a Washington County deputy identified a vehicle — later confirmed to be the Ford Fusion — on Highway 30 and attempted to pull it over. The driver switched off the headlights, starting a high-speed pursuit.

The chase ended in Kennard. Davenport and Banks were seen getting out of the Ford and running toward a large machine shed, barricading themselves. Omaha Police Department's Able-1 helicopter allegedly spotted a male and female exiting the vehicle, with the male carrying a firearm.

An hours-long standoff ensued, during which time Davenport allegedly brandished a firearm, causing officers to fire their weapons. Banks was wounded. She eventually surrendered to officers and received medical care. Davenport remained inside the machine shed until he was apprehended.

Washington County Sheriff's staff given awards for actions in Arlington shootout

BY ADAM BRANTING
reporter@enterprisepub.com

At a Washington County Board of Supervisors meeting earlier this month, Sheriff Mike Robinson recognized two WCSO sheriff's deputies and two communication officers for their conduct during a Jan. 6 shootout in Arlington.

Communications Supervisor Brent Grove, Communications Officer Ty Johnson, Deputy Ashley Judkins and Deputy Brice Beckman received special awards from the sheriff, with Beckman also receiving a WCSO medal for his performance.

In an interview with the Washington County Pilot-Tribune, Robinson fleshed out his department's actions during the violent interaction with David Boettcher. The alleged gunman faces eight felony charges, including use of a deadly weapon to commit a felony.

"Very proud of them. Very proud. We don't get a lot of officer-involved shootings up here, but these four people performed their duties flawlessly. Did a fantastic job," Robinson said. "They prevented an armed felon, who was not afraid to engage law enforcement, from escaping. That would have put the general public at risk."

As previously reported, the incident began when the Jeep Cherokee Boettcher was riding in was pulled over by a WCSO deputy at Highway 30 and First Street in Arlington around 2 p.m.

The vehicle's driver, Jewel Kwiatowski, was allegedly driving under a suspended license and was known to the deputy. A one-year-old child was seated in the rear passenger seat.

Kwiatowski was arrested and was being transported to jail as Patrol Sgt. Bryan Spilinek ran a background check through WCSO dispatch on Boettcher. The check showed he had an active felony warrant for third-degree domestic assault from Douglas County.

As Spilinek was advising Boettcher about the warrant, the suspect said he had a gun, later identified as a Glock 23. The sergeant immediately relayed that information to Grove and Johnson at dispatch.

"They monitored the situation. They were listening. As soon as they were told that the felon was armed with a handgun, they immediately started notifying other agencies to see if they had officers close," Robinson said.

PHOTOS BY ADAM BRANTING | PILOT-TRIBUNE
Dep. Brice Beckman

Dep. Ashley Judkins

Supervisor Brent Grove and Officer Ty Johnson

Judkins was the first deputy to provide support. She serves nearby as the Arlington Public Schools resource officer.

"She left immediately from school, took a route that kept her out of the line of fire, just in case. When she pulled up, she took a tactical position, tried to reason with the suspect to get him to surrender and step out of the car, show his hand," Robinson said.

In a commendation letter accompanying Beckman's award, it says he arrived at the scene as Boettcher got out of the Jeep "to a shooter stance and fired at the Patrol Sgt and Deputy Ashley Judkins, striking the Patrol Sgt's vehicle numerous times in the windshield with the bullets penetrating and lodging in the dash."

Robinson said Beckman didn't waste time getting out of his patrol vehicle.

"He drew immediately and shot through his windshield, which is part of our training," he said.

"That windshield could be replaced, and the lives you saved could be saved just that quick."

Beckman fired 13 rounds, injuring Boettcher.

"For him to, as he's arriving and seeing the suspect get out of the car and start shooting, to know exactly what he needed to do and he performed. It's heroic to me," Robinson said.

As Judkins and Beckman informed county dispatch of the gunfire, Grove and Johnson alerted other law enforcement and emergency personnel. Robinson called his communications team "the forgotten first responders."

"They did it in a professional and timely fashion — all the while still monitoring all the other radio calls that may come in from Blair Police or the other fire departments if they have a fire call or whatever. So they did a fantastic job, and they need to be recognized for the job that they did," he said.

The commendations for all involved recognize their "uncommonly high level of performance while under extreme duress," and their "professionalism and quick response have brought credit to the Washington County Sheriff's Office" and those who serve alongside them.

TIMES GONE BY

Week of May 25-31, 2025

May 27, 1965 (60 years ago): A Tekamah man named Tom Collins escaped death Monday evening when his car was bayoneted by a bridge railing on Highway 30 just west of Kennard. The accident happened shortly after 8 p.m. on Monday.

The Collins car was traveling east towards Kennard when it failed to make a gradual curve on the west edge of Kennard. The car hit the pipe railing of the bridge and traveled nearly half the distance of the bridge before stopping.

The three pipes of the railing bayoneted the car, but miraculously missed Mr. Collins completely.

May 29, 1975 (50 years ago): The Blair Eagles Club will be dedicating their new facilities in Blair on Sunday afternoon, June 1st. The Eagles purchased the old Gibsons building in downtown Blair and have completely remodeled the inside and put all new exterior decoration on the building.

The ribbon-cutting dedication and initiation of new members will be held in the new facilities starting at 2 p.m.

Featured speaker for the dedication will be Grand Worthy President Lewis Reed of Burlington, Iowa. Blair Mayor Al Sick will also speak, along with several other Eagles Club officers from many other communities.

There will be an initiation service for approximately 100 new Blair Eagles Club members. The Blair Eagles membership will now exceed 600.

May 29, 1980 (45 years ago): The Village of Arlington is holding an open house at the new municipal offices building on Wednesday, May 28th.

The open house will be from 10 a.m. to 4 p.m. in the remodeled old building one door north of the Arlington Post Office in downtown Arlington. The old building was completely remodeled and is now outfitted with offices for the Arlington Village clerk, board meeting area and a garage area for many of the municipal graders and other pieces of equipment.

The old building has housed many businesses over the years.

May 27, 1985 (40 years ago): If all the logs and lumber that Fort Atkinson recently acquired were cut into board feet (one inch thick, one foot long, and one foot wide) they would probably reach from Fort Calhoun to Lincoln and back.

That should be enough to build a bunch of good-sized buildings. At least that's what Steve Kemper, superintendent of Fort Atkinson, is counting on.

Huge stacks of lodgepole pine logs and rough-sawn lumber are at Plum Creek Timber Co. in Montana waiting for shipment to Fort Calhoun to be used at Fort Atkinson State Historical Park.

The materials have been donated by the timber company, which is a subsidiary of the Burlington Northern Corp., one of Fort Atkinson's main benefactors. The lumber will be shipped to Nebraska by Burlington Northern.

The logs and lumber, enough to build 70 average-size houses, will be used instead for the reconstruction of the three remaining walls of the fort.

May 25, 1995 (30 years ago): A voter turnout of 38 percent passed the school bond issue Tuesday, according to preliminary reports.

Of the 6,449 registered voters, 2,449 took the time to make the oval on the ballot either for or against the Blair school bond issue.

There were 1,291 votes for the issue and 1,156 against. County Clerk Charlotte Petersen said Tuesday night they still had about 21 votes to be counted on Thursday (today) when the vote is certified.

Blair School Superintendent Jerry Otte said Wednesday he could appreciate the concern people had and can understand very well how challenging things are today. He was appreciative of those who had helped pass the bond issue, however.

Otte said the next steps will be to meet with the architects, Dana Larsen and Roubal and Assoc., to make arrangements for the bidding procedures.

May 25, 1995 (20 years ago): Despite heavy rains earlier this month, many county farmers are cautiously optimistic about their crops.

Jeff Shaner, who lives approximately one mile east of Fort Calhoun, said while several of his corn plants were washed away during the storms, such erosion is almost an annual occurrence for farmers with bottom ground.

One positive note Shaner mentioned is that he had not yet planted his soybean crop and most of his corn had yet to emerge from the ground when the storms hit. Even with the added protection of the soil, however, Shaner said the water in his field is not good for the corn he has planted.

New Fort Calhoun High School Students (9th-12th Grade) Registration Dates for the 2025-2026 School Year

May 27th – Noon-3 p.m.

May 28-30 – 9 a.m.-3 p.m.

Contact the schools' office at (402) 468-5591 to schedule an appointment.

NOTICE

The City of Blair would like to remind all citizens that it is UNLAWFUL to dispose of or blow grass clippings onto the street or sidewalk. Blowing grass into the street clogs the city's storm sewer and can cause costly cleanup to the city as well as being unsightly for the community.

Also, a city ordinance concerning the height of your grass, before it becomes a nuisance, is now (8) inches, meaning that any "weeds, grasses or worthless vegetation" left to grow higher may result in the city having the nuisance area mowed, with all costs, plus administrative fees, assessed to the property owner.

Both violations are punishable under the city's nuisance ordinances. If you have questions, please contact the City Code Enforcement Officer at 531–209–4523. Please visit the city's website for additional information at www.blairnebraska.org

Thank you in advance for your cooperation.

JUNE 12

WASHINGTON COUNTY VETERANS' SERVICE COMMITTEE: This group will meet at Cherry Hill Coffee House in Fort Calhoun at 2 p.m.

JULY 5

ARLINGTON SUMMER SIZZLE: This annual event looks a little different each year, but generally includes a 5K, BBQ contest, water slide, cornhole, softball, bounce houses, a live band and fireworks show. Stay tuned for details.

EDITOR'S NOTE: Look for ongoing events on our website: enterprisepub.com. If you have an event you would like to have considered for our print or online calendars, send information to Executive Editor Kevin Bumgarner at editor@enterprisepub.com

DAY AT DESOTO

Ainsley Jennings watches as Lyla Jewel plates pancakes from a frying pan during the Blair fifth-graders' spring field trip to DeSoto National Wildlife Refuge.

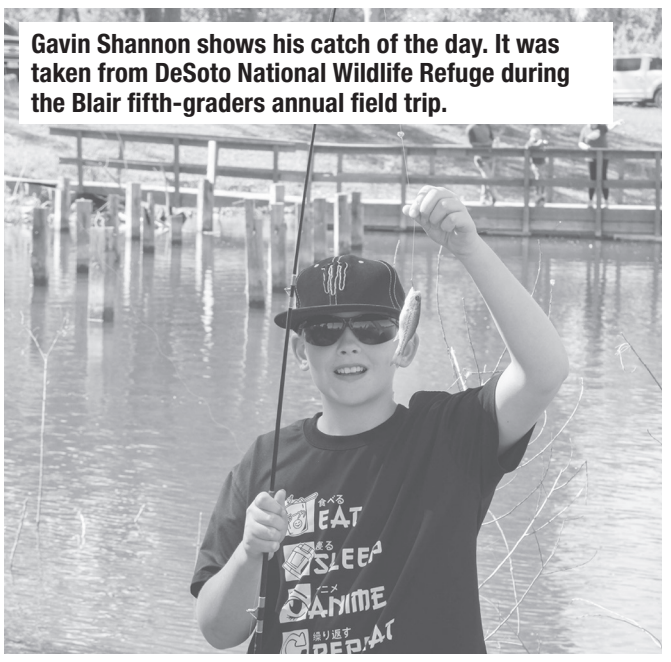

PHOTOS BY JOE BURNS | PILOT-TRIBUNE

The Blair fifth-graders' annual spring field trip to DeSoto National Wildlife Refuge includes breakfast.

Fifth-graders from Arbor Park and Deerfield Elementary schools and their parents canoe on Lake DeSoto during their annual spring field trip.

Gavin Shannon shows his catch of the day. It was taken from DeSoto National Wildlife Refuge during the Blair fifth-graders annual field trip.

PUBLIC NOTICE

NOTICE OF PERMIT ISSUANCE

The Nebraska Department of Environment and Energy (NDEE) proposes to reissue, with change, the National Pollutant Discharge Elimination System (NPDES) permit to Cargill Incorporated d/b/a Cargill Corn Milling North America - Blair, 650 Industrial Park Drive, Blair, NE (NPDES# NE0131334; SIC 2046 and 2869). This facility processes corn to produce ethanol, corn oil, SEM (solvent extracted meal), and cattle feed. The facility also treats and discharges wastewater from other facilities that produce lactic acid, lysine, polymers, enzymes, and various polyols. Process wastewater is discharged from a mechanical treatment system through Outfall 001 to the Missouri River, Segment MT1-10000 in the Missouri Tributaries River Basin. Non-process wastewater is discharged through Outfall 002 and Outfall 003 to a stormwater detention pond prior to discharge to Fish Creek, an undesignated tributary to the Missouri River, Segment MT1-10000 in the Missouri Tributaries River Basin The permit would be issued for a period of up to five years and would restrict pollutant discharges to comply with the requirements of Department regulations. The draft permit, fact sheet, and other public information are available for review and copying at NDEE's Lincoln Office, 245 Fallbrook Boulevard, Suite 100, Lincoln, Nebraska 68521 between 8:00 a.m. and 5:00 p.m. (CT), weekdays, excluding holidays. To request copies of the draft permit and other information, call 402-471-3557. Individuals requiring special accommodations or alternate formats of materials should notify the Department by calling 402-471-2186. TDD users should call 800-833-7352 and ask the relay operator to call the Department at 402-471-2186. Written comments, objections, and/or hearing requests concerning permit issuance may be submitted to NPDES and State Permits Section, Nebraska Department of Environment and Energy, PO Box 98922, Lincoln, NE 68509-8922; before the comment period ending date of June 26, 2025. A determination to hold a hearing will be based upon factual environmental or regulatory consideration. The NDEE does not discriminate on the basis of race, color, national origin, disability, age, or sex in administration of its programs or activities, and NDEE does not intimidate or retaliate against any individual or group because they have exercised their rights to participate in or oppose actions protected/prohibited by 40 C.F.R. Parts 5 and 7, or for the purpose of interfering with such rights.

Quality On Tap!
Our Commitment Our Profession

City of Blair

Annual Water Quality Report
For January 1 to December 31, 2024

This report is intended to provide you with important information about your drinking water and the efforts made by the City of Blair water system to provide safe drinking water.

Para Clientes Que Hablan Español: Este informe contiene información muy importante sobre el agua que usted bebe. Tradúzcalo ó hable con alguien que lo entienda bien.

For more information regarding this report, or to request a hard copy, contact:

MARK D HODSON
402-426-4191

If you would like to observe the decision-making processes that affect drinking water quality, please attend the regularly scheduled meeting of the Village Board/City Council. If you would like to participate in the process, please contact the Village/City Clerk to arrange to be placed on the agenda of the meeting of the Village Board/City Council.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the EPA's Safe Drinking Water Hotline (800-426-4791).

Source Water Assessment Availability:
The Nebraska Department of Environment and Energy (NDEE) has completed the Source Water Assessment. Included in the assessment are a Wellhead Protection Area map, potential contaminant source inventory, and source water protection information. To view the Source Water Assessment or for more information please contact the person named above on this report or the NDEE at 402-471-3376 or go to http://dee.ne.gov.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

Sources of Drinking Water:
The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and groundwater wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

The source of water used by City of Blair is surface water.

Contaminants that may be present in source water include:
* Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations and wildlife.
* Inorganic contaminants, such as salts and metals, which can be naturally occurring or result from urban storm water runoff, industrial, or domestic wastewater discharges, oil and gas production, mining, or farming.
* Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban storm water runoff, and residential uses.
* Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban storm water runoff, and septic systems.
* Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.

Drinking Water Health Notes:
Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. City of Blair is responsible for providing high quality drinking water and removing lead pipes but cannot control the variety of materials used in plumbing components in your home. You share the responsibility for protecting yourself and your family from the lead in your home plumbing. You can take responsibility by identifying and removing lead materials within your home plumbing and taking steps to reduce your family's risk. Before drinking tap water, flush your pipes for several minutes by running your tap, taking a shower, doing laundry or a load of dishes. You can also use a filter certified by an American National Standards Institute accredited certifier to reduce lead in drinking water. If you are concerned about lead in your water and wish to have your water tested, contact: MARK D HODSON, 402-426-4191. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available at *http://www.epa.gov/safewater/lead*.

The City of Blair is required to test for the following contaminants: Coliform Bacteria, Antimony, Arsenic, Asbestos, Barium, Beryllium, Cadmium, Chromium, Copper, Cyanide, Fluoride, Lead, Mercury, Nickel, Nitrate, Nitrite, Selenium, Sodium, Thallium, Alachlor, Atrazine, Benzo(a)pyrene, Carbofuran, Chlordane, Dalapon, Di(2-ethylhexyl)adipate, Dibromochloropropane, Dinoseb, Di(2-ethylhexyl)- phthalate, Diquat, 2,4-D, Endothall, Endrin, Ethylene dibromide, Glyphosate, Heptachlor, Heptachlor epoxide, Hexachlorobenzene, Hexachlorocyclopentadiene, Lindane, Methoxychlor, Oxamyl (Vydate), Pentachlorophenol, Picloram, Polychlorinated biphenyls, Simazine, Toxaphene, Dioxin, Silvex, Benzene, Carbon Tetrachloride, o-Dichloro- benzene, Para-Dichlorobenzene, 1,2-Dichlorethane, 1,1-Dichloroethylene, Cis-1,2,-Dichloroethylene, Trans-1,2-Dichloroethylene, Dichloromethane, 1,2-Dichloropropane, Ethylbenzene, Monochlorobenzene, 1,2,4-Trichloro- benzene, 1,1,1-Trichloroethane, 1,1,2-Trichloroethane, Trichloroethylene, Vinyl Chloride, Styrene, Tetrachloroethylene, Toluene, Xylenes (total), Gross Alpha (minus Uranium & Radium 226), Radium 226 plus Radium 228, Sulfate, Chloroform, Bromodichloromethane, Chlorodibromomethane, Bromoform, Chlorobenzene, m-Dichlorobenzene, 1,1-Dichloropropene, 1,1-Dichloroethane, 1,1,2,2-Tetrachlorethane, 1,2-Dichloropropane, Chloromethane, Bromomethane, 1,2,3-Trichloropropane, 1,1,1,2-Tetra-chloroethane, Chloroethane, 2,2-Dichloropropane, o-Chlorotoluene, p-Chlorotoluene, Bromobenzene, 1,3-Dichloropropene, Aldrin, Butachlor, Carbaryl, Dicamba, Dieldrin, 3-Hydroxycarbofuran, Methomyl, Metolachlor, Metribuzin, Propachlor.

How to Read the Water Quality Data Table:
The EPA and State Drinking Water Program establish the safe drinking water regulations that limit the amount of contaminants allowed in drinking water. The table shows the concentrations of detected substances in comparison to the regulatory limits. Substances not detected are not included in the table. The state requires monitoring of certain contaminants less than once per year because the concentrations of these contaminants do not change frequently. Therefore, some of this data may be older than one year.
MCL (Maximum Contaminant Level) – The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
MCLG (Maximum Contaminant Level Goal) – The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
AL (Action Level) – The concentration of a contaminant which, if exceeded triggers treatment or other requirements which a water system must follow.
MRDL (Maximum Residual Disinfectant Level) – The highest level of a disinfectant allowed in drinking water.
N/A – Not applicable.

Units in the Table:
ND – Not detectable.
ppm (parts per million) – One ppm corresponds to 1 gallon of concentrate in 1 million gallons of water.
mg/L (milligrams per liter) – Equivalent to ppm.
ppb (parts per billion) – One ppb corresponds to 1 gallon of concentrate in 1 billion gallons of water.
ug/L (micrograms per liter) – Equivalent to ppb.
pCi/L (Picocuries per liter) – Radioactivity concentration unit.
RAA (Running Annual Average) – An ongoing annual average calculation of data from the most recent four quarters.
LRAA (Locational Running Annual Average) – An ongoing annual average calculation of data from the most recent four quarters at each sampling location.
90th Percentile – Represents the highest value found out of 90% of the samples taken in a representative group. If the 90th percentile is greater than the action level, it will trigger a treatment or other requirements that a water system must follow.
TT (Treatment Technique) – A required process intended to reduce the level of a contaminant in drinking water.

City of Blair — **TEST RESULTS** — **Date Printed: 3/12/2025** — **NE3117905**

Microbiological	Highest Number of Positive Samples	MCL	MCLG	Likely Source of Contamination	Violations Present

During the 2024 calendar year, we had the below noted violation(s) of drinking water regulations.

Violation Type	Category	Analyte	Compliance Period
MCL, E. COLI, POS E COLI (RTCR)	MCL	E. COLI	07/01/2024 - 07/31/2024
LSL REPORTING-INITIAL	RPT	LEAD AND COPPER RULE REVISIONS	10/17/2024 - 11/01/2024

The City of Blair has taken the following actions to return to compliance with the Nebraska Safe Drinking Water Act:

Additional Required Health Effects Language:

Total organic carbon (TOC) has no health effects. However, total organic carbon provides a medium for the formation of disinfection byproducts. These byproducts include trihalomethanes (THMs) and haloacetic acids (HAAs). Drinking water containing these byproducts in excess of the MCL may lead to adverse health effects, liver or kidney problems, or nervous system effects, and may lead to an increased risk of getting cancer.

Additional Required Health Effects Violation Notices:

We had a total coliform-positive repeat sample following an E. coli-positive routine sample.

During the past year, we were required to conduct one Level 2 assessment(s). We completed one Level 2 assessment(s). In addition, we were required to take one corrective action(s) and we completed one action(s).

E. coli are bacteria whose presence indicates that the water may be contaminated with human or animal wastes. Human pathogens in these wastes can cause short term effects, such as diarrhea, cramps, nausea, headaches, or other symptoms.
They may pose a greater health risk for infants, young children, the elderly, and people with severely compromised immune systems. We found E. coli bacteria, indicating the need to look for potential problems in water treatment or distribution. When this occurs, we are required to conduct assessment(s) to identify problems and to correct any problems that were found during these assessments. We were required to complete a Level 2 assessment because we found E. coli in our water system. In addition, we were required to take one corrective actions and we completed one of these actions.

Blair senior Hailey Roewert hugs her father after earning a Class B state title in the high jump Thursday at Omaha Burke Stadium.

ROEWERT gets gold

Blair senior Hailey Roewert earned a Class B high jump gold medal Thursday during NSAA State Championships at Omaha Burke Stadium. She cleared a bar set at 5 feet, 5 inches.

SENIOR LEADS 5 BHS MEDALISTS AT NSAA TRACK CHAMPIONSHIPS

BY GRANT EGGER
sports@enterprisepub.com

Blair High School senior Hailey Roewert knew the Class B high jump event was down to just her and Grand Island Northwest's Tessa Scheer.

What the Bear didn't realize, though, was that she'd taken less attempts to clear the bar across the entirety of the event. When both jumpers couldn't quite get over 5 feet, 7 inches, BHS assistant coach Darren Harsin clued Roewert into what it all meant.

She was an NSAA State Track and Field champion.

"Just unreal," Roewert said Thursday at Omaha Burke Stadium. "I wasn't on the podium or anything last year. So, to go from not even having my name out there to winning it is just unreal."

The senior was shocked by Harsin's reveal, shedding tears when her state-qualifying high jump teammates — Emma Ammon and London Larsen — ran up to embrace her. It was an emotional moment.

"This is me trying not to cry," Roewert said several minutes after the fact. "I'm doing my best right now."

Altogether, coach Bryan Soukup's Bears earned five medals at the 2025 Class B meet. Their state champion led the girls to a 13th-place finish in the team standings, while the boys took 16th overall.

Roewert said she used speed and smoothness to win her event, but, most importantly, the right mindset.

"The hardest thing is keeping your brain straight for success," she explained.

The BHS senior was successful on her first three attempts of the day and took just two of the three allowed jumps to clear 5-3. She sailed over the bar at 5-5 on her third attempt, too, sticking out her tongue in celebration. It wound up as the winning jump, while Ammon — who also earned 20th in the 100-meter hurdles — finished sixth with a successful leap at 5-3, too.

While he wasn't the first to congratulate her, Roewert's father wasn't far behind. Jason worked the NSAA Championships at track level, wrapping his arms around his daughter and giving her a kiss on the cheek when he got the chance.

"I'm so lucky to have him here," Roewert said, still trying to compose herself after a state-championship effort in Omaha.

Byelick medals, leading FCHS at state track meet

GRANT EGGER | PILOT-TRIBUNE

Fort Calhoun's Afton Byelick clears the pole vault bar May 21 during the NSAA State Track and Field Championships at Omaha Burke Stadium.

400 relay team falls short of top-8 finish

BY GRANT EGGER
sports@enterprisepub.com

Afton Byelick was nervous at the start of the NSAA Class B State Track and Field Championships at Omaha Burke Stadium.

Once the Fort Calhoun pole vaulter cleared 9 feet, though, she settled in. The Pioneer was coach Mandy Taylor's lone medalist last Wednesday and Thursday during the two-day meet.

One of 13 FCHS state qualifiers, Byelick vaulted over the first, second and third heights on her first attempt at each, but had to work her way through 10 feet, 6 inches. She didn't make it over the bar on her first two tries, but did on her third — earning a Class B podium spot and state medal. She was seventh when all was said done.

A longtime school record-holder in her event, Byelick said this season was the best so far. She stepped up and produced at Burke Stadium.

"This year I focused in," the Pioneer said. "I feel like I got more serious about it, which helped a lot."

McCook's Leni Henderson and Scottsbluff's Danielle Hunter both cleared 10-6, too, while the second- through fourth-place finishers finished with 11-foot efforts. The state champion in the pole vault — Waverly's Avery Scott — topped 11-6.

Emilee Thayer-Mencke and Seth Waters, meanwhile, produced Calhoun's second-best results in Omaha, earning a pair of finishes just outside of the top-eight. Thayer-Mencke was 10th in the high jump, clearing 5-1 with her best attempt, while Waters earned 10th in the 800-meter run.

Waters' time across two laps was 1:57.56 — a new school record. Before his 800, though, the Pioneer joined Will Dennis, Merritt Olberding and Chris Post-Whiteowl in the 3,200 relay. The team finished 13th in 8:26.01.

Fort Calhoun's Michael Maxon, right, finishes the 100-meter dash just ahead of Adams Central's Briley Hughes on May 21 at Omaha Burke Stadium.

Fort Calhoun's Merritt Olberding runs the 3,200 relay May 21 at Omaha Burke Stadium.

PIONEERS: Byelick medals, leading FCHS at state track meet

FROM PAGE 7

400-meter relay squad was one spot better in 12th Thursday. Alex Schuler, Clay Bohnenkamp, Kaidan Rodriguez and Michael Maxon finished the race in 43.7 seconds. During districts, they'd ran even faster, breaking their own school record.

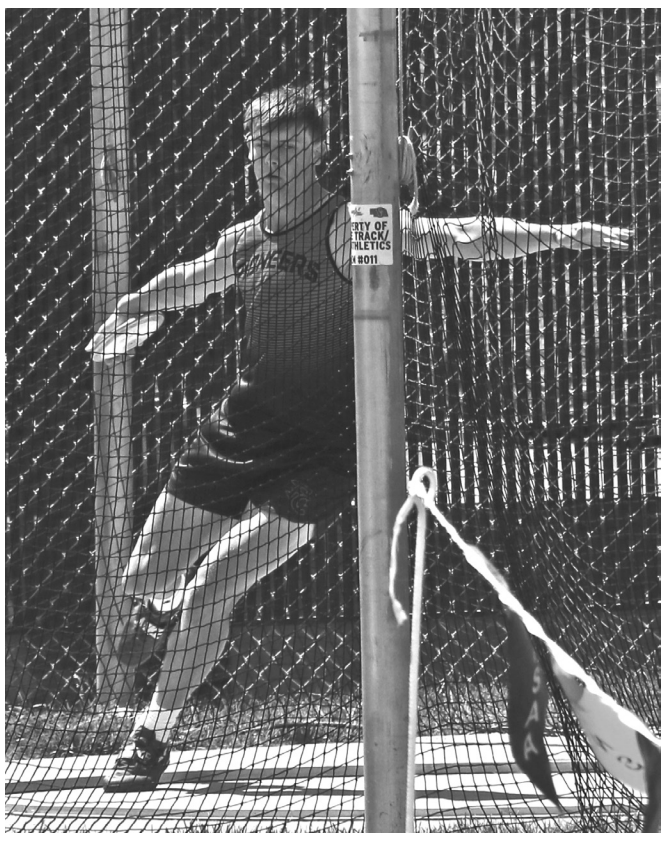

"We keep improving on our times to where I think we can't go any further," Maxon said after the state race. "And we just keep pushing the limits and going further than we thought we could."

Bohnenkamp's inclusion on the team has meant a lot to him.

"We ran it for ourselves and the team, but more for the team," the senior classmate of Maxon said. "We wanted the happiness of each other more than the happiness of ourselves even."

Schuler, another senior, was appreciative of his time on the sprinters' squad, too.

"These guys mean everything to me," he said, recounting a fun aspect of the the relay team's relationship. "Every night after practice, we'd go around each other and we'd make bets for what we were going to run at the next meet. Even had a couple of steak dinners on the line for this one."

PHOTOS BY GRANT EGGER I PILOT-TRIBUNE

Fort Calhoun's Andrew Namuth competes in the discus Thursday at Omaha Burke Stadium.

Rodriguez, the lone underclassmen on the team, complimented his seniors as the Pioneers changed back into their street shoes after the race.

"Great guys," he said. "Great dedication, mentality, and just a lot to look up to."

Individually, Maxon was 11th in the 100-meter dash and 24th in the 200, too. He was disappointed to not leave Burke Stadium with a medal, but said, "Looking back on the whole state experience, I'm pretty proud that I'm here for three of my four main events."

Another recent FCHS graduate, Kaylee Taylor, competed at her fourth-straight state meet in two events. She was 15th in the triple jump with a 35-foot, 0.75-inch effort, and was 23rd in the 300-meter hurdles.

The Pioneers' Andrew Namuth took 23rd, too, but in the discus. He was 10 spots behind Dylan Keyser, who earned that spot with a 147-foot attempt after finishing 24th in the Class B shot put, too.

Altogether, FHCS' two state points were good for 39th in the girls' standings.

Fort Calhoun senior Kaylee Taylor hits the triple jump sand Thursday at Omaha Burke Stadium.

Fort Calhoun's Emilee Thayer-Mencke competes in the high jump Thursday at Omaha Burke Stadium.

Fort Calhoun senior Alex Schuler starts the 400-meter relay race Thursday at Omaha Burke Stadium.

Fort Calhoun senior Seth Waters competes during the 800-meter run Thursday at Omaha Burke Stadium.

WASHINGTON COUNTY RESULTS

NSAA STATE TRACK AND FIELD CHAMPIONSHIPS

CLASS B

BOYS TOP-10 TEAMS: Waverly 73 points, Gretna East 64, Omaha Skutt 37, Central City 37, Elkhorn North 35, Lincoln Pius X 35, Sidney 31.5, Cozad 25, Wahoo 23, Elkhorn 22. Also: 16, Blair, 16. NA, Fort Calhoun, 0.

GIRLS TOP-10 TEAMS: Bennington 80 points, Waverly 69, Norris 58, Seward 48, Grand Island Northwest 41.5, Gretna 36.5, Elkhorn North 33, Elkhorn 30, Ogallala 29, Omaha Roncalli/Duchesne 20. Also: 13, Blair, 13. 39, Fort Calhoun, 2.

WEDNESDAY FIELD EVENTS

GIRLS POLE VAULT: 7, Afton Byelick, Fort Calhoun, 10 feet, 6 inches.

BOYS TRIPLE JUMP: 15, Gaige Bolton, Blair, 42-1.5.

BOYS HIGH JUMP: 10, Hayden Daggett, BHS, 6-2. 11, Chase Cottle, BHS, 6-2.

BOYS SHOT PUT: 24, Dylan Keyser, FCHS, 40-10.

WEDNESDAY RUNNING EVENTS

3,200-METER RELAY: Boys: 13, FCHS (Will Dennis, Merritt Olberding, Chris Post-Whiteowl, Seth Waters), 8:26.01.

100 HURDLES: Girls: 20, Emma Ammon, BHS, 16.13 seconds.

100 DASH PRELIMS: Boys: 11, Michael Maxon, FCHS, 10.99. 18, Colin McCabe, BHS, 11.14. Girls: 21, Brynn Lundgren, BHS, 12.77.

400 DASH: Boys: 4, Daggett, BHS, 49.2. 16, C.McCabe, BHS, 52.16.

3,200 RUN: Girls: 22, Jade Wickwire, BHS, 12:26.89.

200 DASH PRELIMS: 4, Daggett, BHS, 22.31. 24, M.Maxon, FCHS, 23.08.

THURSDAY FIELD EVENTS

GIRLS HIGH JUMP: 1, Hailey Roewert, BHS, 5-5. 6, Emma Ammon, BHS, 5-3. 10, Emilee Thayer-Mencke, FCHS, 5-1. NA, London Larsen, BHS, no height.

GIRLS TRIPLE JUMP: 15, Kaylee Taylor, FCHS, 35-00.75.

BOYS DISCUS: 13, Keyser, FCHS, 147. 23, Andrew Namuth, FCHS, 129-5.

UNIFIED SHOT PUT: 3, Cornez Tucker Jr., BHS, 40-6.75, and Jaden Rogge, BHS, 35-8. 5, Elizabeth Bray, BHS, 23-3, and Jess Hineman, BHS, 23-2. 7, Samantha Thomas, FCHS, 24-10.75, and Reilly Rauterkus, FCHS, 19-11.5. 6, Colton Miles, FCHS, 40-7, and Will Maxon, FCHS, 29-10.5.

UNIFIED LONG JUMP: 6, W.Maxon, FCHS, 12-11, and Gavin Welchert, FCHS, 19-3.

THURSDAY RUNNING EVENTS

UNIFIED 100 DASH: 2, Keenan Wyman, BHS, 11.87, and Riley Yanak, BHS, 12.52.

UNIFIED 400 RELAY: 4, BHS (Wyman, Caden Finken, AJ Damme and Yanak), 50.58.

800 RUN: 10, Seth Waters, 1:57.56. 14, Declan McCabe, BHS, 1:58.67.

400 RELAY: 12, FCHS (Clay Bohnenkamp, M.Maxon, Kaiden Rodriguez, Alex Schuler), 43.7.

1,600 RUN: 21, Kate Wulf, BHS, 5:31.95.

300 LOW HURDLES: 23, Taylor, FCHS, 50.96.

200 DASH FINALS: 4, Daggett, BHS, 22.22.

1,600 RELAY: 3, BHS (Cottle, Daggett, C.McCabe, D.McCabe), 3:23.23.

Ray, Knight to compete at Senior Showcase

All-star soccer game is June 6

STAFF REPORTS

Blair High School soccer seniors Brynn Ray and Blythe Knight are all-stars.

Fresh off of their school's first state tournament appearance in 24 years, both Bears will participate June 6 during the Class B girls Nebraska High School Soccer Senior Showcase at Omaha Skutt. The girls' match starts at 5 p.m. before the boys' at 7:30 p.m.

Ray, a Minnesota State recruit, scored 23 goals during BHS' 16-3 season this spring. She had 11 assists, too.

Knight, a defender, scored her first career goal during her senior season as well. She was a constant on the back line and contributed on varsity throughout her high school career.

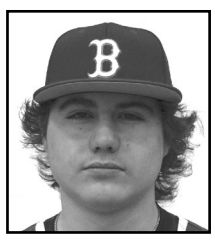

The Fort Calhoun Youth Sports Organization would like to thank Interstates for sponsoring the FCYSO spring and summer ball programs

Blair tennis picks up 2 wins at state tournament

No. 1 doubles team, Solano earn victories in Lincoln

BY GRANT EGGER
sports@enterprisepub.com

Roslyn Solano and the doubles team of Ally Sullivan and Abby Leggott won a match each during the NSAA Class B State Tennis Championships on Thursday, but the Blair Bears' season came to an end.

State titles were determined Friday, but without BHS after coach David Christensen's six players combined to go 2-4 at the Woods Tennis Center in Lincoln.

"I thought the team showed a lot of growth this season," he said. "We had players step up in big moments and we competed well in tough matches."

Solano won one such match against Omaha Gross' Lauren Kosse on Thursday. Competing at No. 2 singles, the Bear earned a 9-8(7-5) win before an 8-1 loss to Gretna East's Agata Pacchiella ended her season.

"Solano really locked in mentally this week," Christensen said. "She stayed aggressive from the baseline, but mixed in some nice variety, which kept her opponent guessing."

The coach said his singles player's recent practice work with assistant coach Leo Clarke paid off at the state tournament.

"She knew when to attack and when to play it safe," he explained.

Sullivan and Leggott, meanwhile, earned their Class B win at No. 1 doubles. The Bears bested Bennington's Addison Foltz and Zoe Nelson 8-5 before an 8-0 loss to Ruby Schardt and Bianca Truong of Hastings.

"Ally and Abby are both really smart players," Christensen said. "They've developed great chemistry and trust each other on the court. They've learned how to cover for each other and communicate quickly between points, and that's made them really tough to play against."

Angela Roehrs, Hadyn Ferguson and Jo Inget represented BHS during the NSAA State Championships, too. Roehrs, the Bears' No. 1 singles player, lost an 8-5 match, while the two seniors dropped their's at No. 2 doubles, 8-1.

Altogether, Coach Christensen was pleased with his team's spring season, but also noted ways Blair can still improve in the sport of tennis.

"I think we still need to work on consistency — bringing that same level every match — and keeping our energy up from start to finish," he said. "But, overall, I'm proud of how far we came."

NSAA CLASS B STATE TENNIS CHAMPIONSHIPS

THURSDAY AT WOODS TENNIS CENTER

BLAIR RESULTS

NO. 1 SINGLES, ANGELA ROEHRS: Lost 8-5 match to Heidi Groskopf of Scottsbluff

NO. 2 SINGLES, ROSLYN SOLANO: Won 9-8(7-5) match against Lauren Kosse of Omaha Gross; Lost 8-1 match to Agata Pacchiella of Gretna East

GOLD: Senior leads 5 BHS medalists at NSAA Track Championships

FROM PAGE 7

Daggett contributes 3 medals

BHS junior Hayden Daggett earned his first of three 2025 state medals May 21 at Omaha Burke Stadium. At that point, he was looking forward to picking up two more the next day, particularly in the 1,600-meter relay — the last event of the Class B meet.

"Oh my gosh, I'm pumped. So pumped," he said. "Now, I can look forward to that."

When the mile-long race was done, though, the Bears — Declan McCabe, Colin McCabe, Chase Cottle and Daggett — were disappointed. They finished third in 3:23.23

"I want a gold," Colin McCabe said.

He explained how the four juniors went into the race wanting to avoid getting stuck behind slower competition and putting together a series of strong handoffs. There were struggles in both areas, though.

"We ran how we could, but we've just got to sharpen up next year on our technique and our focus and everything like that," Cottle said.

"Obviously, that's not where we wanted to finish, but can't change it now," Declan McCabe added. "We've just got to go into the future."

Cottle agreed, making plans for his senior year's spring.

"It's a great spot to build off of for next year," he said of Thursday's disappointment. "We have a little bitter taste in our mouths leaving that out there, but we're going to be back next year."

All four Blair standouts will have a chance to return to state in multiple events. Daggett, as noted, earned fourth-place medals in both the 200- and 400-meter dashes in addition to his relay team's finish. He clocked in at 22.22 and 49.2 seconds during the individual races, respectively.

Daggett was 10th in the Class B high jump, too, while Cottle took 11th.

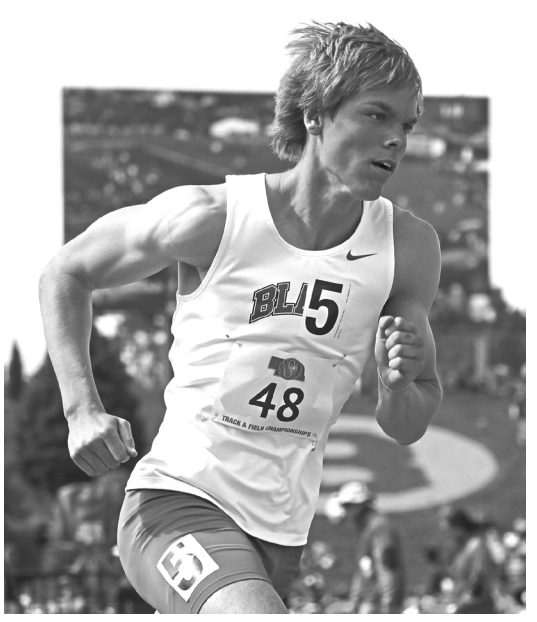

Declan McCabe added a 14th-place state finish in the 800 as well, while Colin McCabe was 16th in the 400 and 18th in the 100.

"I'm just happy because I know there's more to this story," Daggett said after Thursday's final race. "I know that next year is our year."

The Bears' Gaige Bolton, Jade Wickwire, Brynn Lundgren and Kate Wulf also competed at the NSAA State Championships on May 21 and Thursday. Bolton, a senior, was 15th in the triple jump, clearing 42 feet, 1.5 inches.

Wickwire — another senior — competed in the 3,200 run before she attends and competes for Missouri Western next school year. She was 22nd, clocking in at 12:26.89 across 2 miles.

Lundgren finished her last 100-meter dash in 12.77 seconds for 21st, too, while Wulf — a junior — earned 21st in the 1,600 run with a time of 5:31.95.

Blair's Colin McCabe takes off out of the blocks during the 400-meter dash May 21 at Omaha Burke Stadium.

Blair's Emma Ammon clears the high jump bar Thursday at Omaha Burke Stadium.

Blair's Declan McCabe, left, runs the 800-meter race Thursday at Omaha Burke Stadium.

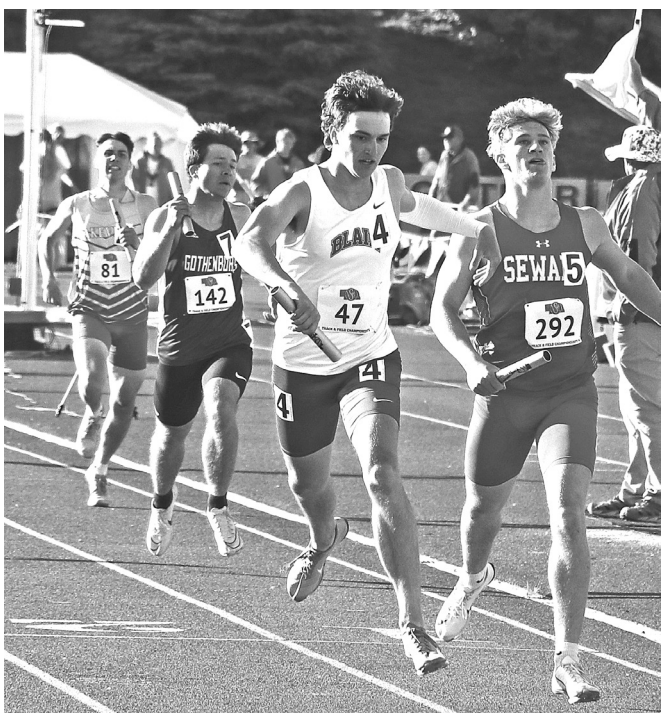

Blair senior Brynn Lundgren finishes the last 100-meter dash of her prep career May 21 at Omaha Burke Stadium.

Blair's Chase Cottle lifts his legs and clears the high jump bar at 6 feet, 2 inches May 21 at Omaha Burke Stadium.

Blair senior Jade Wickwire, middle, starts the 3,200-meter run May 21 at Omaha Burke Stadium.

best combined state result, earning second in the 100 meter dash. Wyman set a personal record in 11.87 seconds, while Yanak clocked in at 12.52.

"I was so proud of them," Maly said. "They gave it their all."

Jaden Rogge (35 feet, 8 inches) and Cornez Tucker Jr. (40-6.75) combined for third in the boys' shot put, too, while the Bears' 400 relay team of Wyman, Caden Finken, AJ Damme and Yanak clocked in at 50.58 seconds for fourth.

Blair's Jess Hineman and Elizabeth Bray produced shot put attempts of 23-2 and 23-3, respectively, for fifth in the girls' event, while Fort Calhoun throwers Will Maxon and Colton Miles secured a sixth-place boys finish. The Pioneers' best efforts were 29-10.5 and 40-7.

Maxon also earned a sixth-place finish with Gavin Welchert in the long jump. He jumped 12 feet, 11 inches, while Welchert covered 19-3 with his best attempt.

Lastly, in girls' shot put, FCHS' Reilly Rauterkus and Samantha Thomas earned seventh. Thomas' best attempt covered 24-10.75, while Rauterkus' traveled 19-11.5.

"It was an awesome day," said Maly, BHS' coach. "How they set it up for the Unified kids was great."

Editor's Note: "A Look at Times Gone By" is an in-depth look at weekly Times Gone By entries compiled since 2015. These articles represent the history of Washington County sports.

The 1975 Arlington High School girls track team earned third out of 11 teams at the Capitol Conference Track and Field Championships.

Finishing behind only Elkhorn and Norris, the Eagles didn't claim any event wins, but they did secure multiple seconds. Tammie Vie, notably, was the 80-yard hurdles runner-up, stopping the clock in a school record time of 11.8 seconds.

AHS' Robin Majors' record-breaking effort came in the 440 dash. She covered the distance in 1:02.4 for second, too.

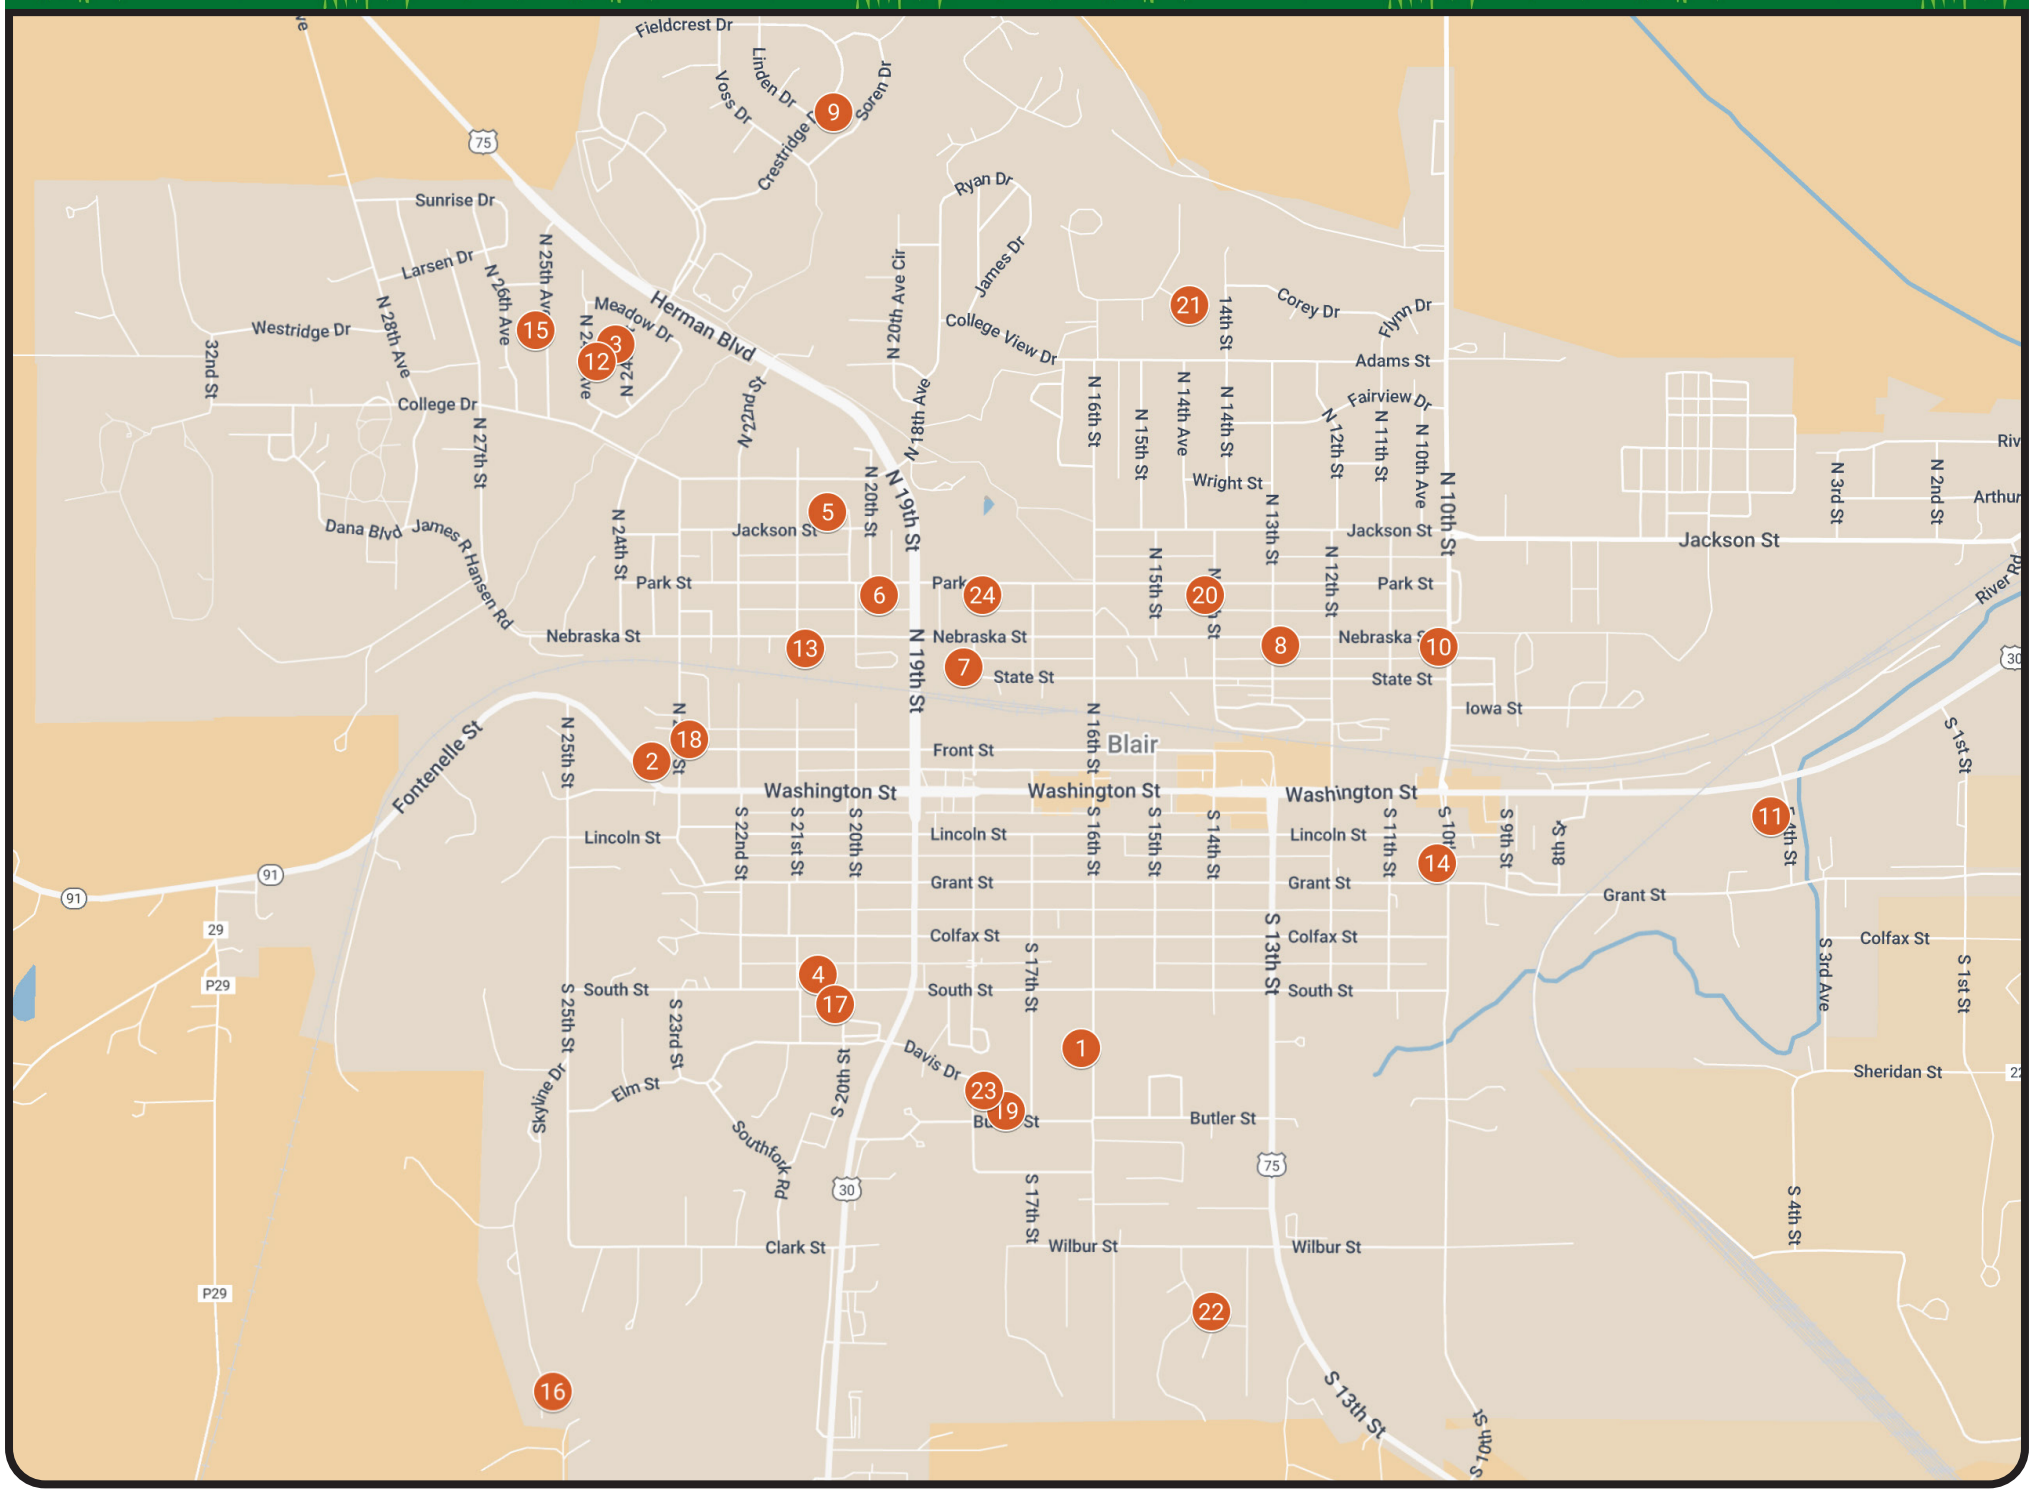

Debbie Goldberg (high jump) and Lori Cain (shot put) claimed a pair of silver medals for the Eagles, too, while Debbie Hilgenkamp was third in the discus. The mile relay squad — Majors, Cheryl Meyer, Julie Smith and Cindy Boettger — won a bronze medal in 4:26.8 as well.
