MID-ATLANTIC

Daylight After Dark: Artists and Writers on Climate Change

Friday, November 20, 2026

6 - 9 p.m.

**The Discovery Center
(3401 Reservoir Drive)**

Join Philadelphia artists and writers for a night of readings and exhibits that make our city's climate realities visible and conversations about creating better climate futures...

...and join us for a toast to the conclusion of Buried Creek Collective's inaugural Climate Change for Writers Program.

Register Here:

**to daylight a creek or stream is to open it back up--
to unbury what was once buried, and make it visible again**
